

SHERMAN FLAYS WILSON AND OFFICIAL FAMILY

Asserts President Has Surrounded Himself With Socialists — Illinois Senator Opposes Overman Bill.

(By Associated Press)

WASHINGTON, April 23.—A vehement attack upon President Wilson and some of the members of his official family by Senator Sherman of Illinois, Republican, marked the last day of unlimited debate in the senate on the Overman bill which would give the president general powers for reorganizing government agencies during the war.

In a long speech opposing the measure and asserting that the executive had not used properly authority already possessed, the Illinois senator criticized particularly Secretaries Baker and Wilson, Postmaster General Burleson and George Creel, chairman of the committee on public information. He declared the president had surrounded himself with Socialists and that he should "scatter the bunch of economic fakirs and howling der-vishes," now in office.

Expresses Frank Distrust.

Senators Ransdell of Louisiana, and McKellar of Tennessee, Democrats spoke for the bill urging that many departments are working at cross purposes under the present peace time system and that "red tape" must be eliminated if maximum results are to be obtained. Since the president will be held responsible for success of the nation's war effort said Senator Ransdell he should be given the authority he thinks necessary. In an effort to hasten action after three o'clock tomorrow afternoon, each senator will be limited by agreement to thirty minutes discussion of the bill itself and to twenty minutes on each amendment offered. Frank distrust of President Wilson's use of power was expressed by Senator Sherman. Reviewing the conduct of affairs between the United States and Russia the Illinois senator said that thru it "the president carried in his hand a blazing brand and didn't know it."

Unwise Use of Power.

He asserted the president had made an unwise use of executive power by sending to the Bolshevik government a message which it used to further its own aims. "We have thus the spectacle of our country putting its arm around a government not a bit better than the kaiser's," Senator Sherman asserted, and he quoted Samuel Compers with the assertion that the American leader knew better the situation in Russia than the president.

"Half Socialists—Half Pacifist."

"Now there is some company, the president associates with himself," Senator Sherman continued, "which gives me more reason for distrust. His secretary of war, Mr. Baker, is half a Socialist and the other half pacifist. He went into office convinced that he could help end war, not by making war, but by moral persuasion, by argument.

Wilson's Jail Record

"Then the secretary of labor, Wilson, who made his debut into public life by getting into jail in Cumberland, Md., by violating his country's laws,"

Senator Sherman charged the president is surrounded by Socialists and demanded that he get rid of them before he would be willing to grant the chief executive more power.

Earnings of Convicts.

Secretary Wilson and Postmaster General Burleson, the Illinois senator declared are State Socialists. Mr. Burleson, he said, is carrying around with him the earnings of convicts en-

root, describing the vote on the McLeMore resolution as the "acid test." He then read roll calls of Democrats who had voted for the resolution and said several had been since appointed by the president to office.

Result of "Acid Test"

"Take William Kent," he continued. "He was classed as in independent. He voted for the resolution and the acid test landed him a place on the tariff commission."

"Economic Serfdom"

"President Wilson wrote to the New Jersey Democrats a few weeks ago that 'economic serfdom' could not continue in this country. Now there's no economic serfdom in this country except for people who see thinks like Trotsky. The president is so tolerant of economic freaks, so surrounded by men who ride persistently on hobbies that never get anywhere, so invested with vagaries, that the infernal din in the executive ears will get him to talking about revolution after a while too."

A Family Trust

The Overman bill, Senator Sherman said, would enable the secretary of the treasury "to seize all activities of the government."

"Thus," the Illinois senator shouted, "public office would become a family trust."

Dealing With Men.

Senator Fall of New Mexico, Republican, interrupted to read from President Wilson's book on civics in which the executive, then a professor, declared that use by the president of his office to further a senator's political purpose, was "immoral" and "destructive of constitutional government."

Senator Sherman replied that today the president is dealing with men and not theories.

Fiends of Sedition.

"I want him to scatter this bunch of economic fakirs and howling derishes he has around him now—fire brands and pestilential fiends of sedition themselves."

"This bill with its vast potential mischief, if administered by appointment of men such as have been appointed could only aggravate evils that already exist — unless the executive changes his system."

Coates Also Included

The name of D. C. Coates, former lieutenant governor of Colorado and later connected with the non-partisan league also was included in the list of men whom the senator branded as Socialists and "unfit to administer government."

Townley Got Away

Returning to his attack on Townley, Senator Sherman said that "he advocated the same principles in Minnesota that Frank Little advocated in Butte, but they hanged Frank Little, while Mr. Townley got a railroad ticket quick enough so that he is still head of the league."

"Well, maybe I've hung up more snakes than I can kill now," Senator Sherman resumed, when Senator Watson of Indiana interrupted: "Does the senator remember Mr. Creel, and remember that Mr. Creel took Townley to the White House and to make a speech at New York?" Senator Watson queried.

Mr. Creel "a Red"

"I've paid my respects to Mr. Creel," Senator Sherman responded. "He ought to be where Lenin and Trotsky are now. He's a red, a destroyer of civil rights."

The senator saw that Mr. Creel gave his indorsement to the "masses" Mr. Watson persisted.

Good Socialist Sheet

"That's all in keeping with Creel's conduct," Senator Sherman replied. "I take it he's indorsed all the suppressed publications. I find one on my desk now, the Eye-Opener, that I see is shouting for peace but it is a good Socialist sheet and because it advocates government ownership of telephones and telegraph Mr. Burleson can't see it."

No Partisan Discussion

Senator Sherman asserted that there had been no partisan discussion on war power and then quoted President Wilson's letter to Joseph E. Davies, Democratic candidate for the senate in Wisconsin against Senator Len-

TUESDAY'S LOAN PLEDGES LARGEST YET RECORDED

Give \$167,233,000 — Greatest Sum Ever Reported in 1 Day

WASHINGTON, April 23.—Messages reaching the treasury tonight indicated that in the balance of the week the country will witness the biggest outpouring of liberty loan pledges since the nation went to war. Months of preparation and the last two weeks of campaigning now seem to be bearing full fruit in the form of subscriptions and many reports to headquarters tonight predicted that whole federal reserve districts, states and cities would reach their minimum goals by the end of the week and spend next week in gathering oversubscriptions.

The first evidence of the new phase was the announcement tonight that \$167,233,000 had been reported today, making the total obtained in the entire country up to the present \$1,657,678,800, or 55 per cent of the three billion dollars minimum. This is the largest sum ever reported in one day and does not include a new report from the Dallas district which celebrated a holiday yesterday.

At headquarters there was a tendency to believe that by the end of the week the total reported would be near \$2,500,000,000 and that the \$3,000,000,000 mark would be reached early in the final week. Fewer reports of committees quitting work in towns which have passed their goal came in today and several messages told specifically of the re-entrance of these campaign workers into new oversubscription campaigns.

Reported up to the opening of business today by districts shows St. Louis \$130,250,500 of 100 per cent and Chicago \$269,165,700 or 63 per cent. Official returns gloried the claim of the St. Louis district to have gone over the top of its quota but the Minneapolis committee insisted that it had passed the hundred per cent mark yesterday perhaps earlier than the St. Louis district. The reason for the low standing of New York district which is tenth in the list with 46 per cent continues perplexing.

The Chicago district leads all sections in honor badges actually awarded with a total of 31,800.

BRING ON YOUR CARNEGIE MEDALS

Lee Alcott Gets in Hero Class by Capturing Two Bold Bad Men Singlehanded—One of the Men Riddled Shooting Ability of Local Police.

Two young men were arrested last night by the police near the residence of Lee P. Alcott in West College avenue.

Mr. Alcott uncovered the young men on the roof of a shed in an act of their residence and notified the police, Captain Elliott and Patrolman Earl Williams hurried to the scene and found the young men in the custody of Mr. Alcott.

The young men refused to give their names, one of them saying he would "tell the judge all about it."

The men were locked up and probably will be given a hearing today.

When the police arrived Mr. Alcott told the police to be careful and not let the young men get away. One of the officers replied that he generally carried something in his pocket to stop prisoners that tried to get away. One of them said:

"Well, if I had that all I was afraid of I'd leave right now."

He probably wasn't aware of the fact that most of the patrolmen are excellent shots with a pistol.

BAKER HAS NO PLANS FOR INCREASING ARMY

WASHINGTON, April 23.—No plans for increasing the army beyond its present authorization nor for raising the ages in the draft limitations, were presented by Secretary Baker today in his first appearance before the house military committee since his return from the western battle front.

Mr. Baker indicated that the war department was not considering increasing the forces beyond present equipment for transportation and supply, but added that he might appear later with some recommendations.

Every responsible officer of the allied armies with whom he had been in contact the secretary told the congressional committee, had only one idea of the outcome of the war and that was a complete victory of the allied arms.

PASSED GOOD EXAMINATION.

Lloyd Gibbons who has been taking the course for officers at Camp Funston, recently passed the third examination. There are 500 in the class of whom 245 passed and in the list young Gibbons stood fifteenth and will receive a commission as a second lieutenant. He is a nephew of I. K. C. Pierson and has many friends in the city who will be glad to learn of his good success with interest.

MISS WOODS IS BRIDE OF ANDREW JOHNSON

Marriage Solemnized at Sacred Heart Church at Franklin—Other News Notes.

Franklin, April 23.—The marriage of Andrew Johnson and Miss Helen Woods, both of this place, was solemnized at Sacred Heart church this morning at 9 o'clock, Father Smith officiating. The bride and groom were attended by Miss Leola Woods, Martin Murphy, Theresa Kenney and William Kenney. The bride wore white tulle with a veil and carried a shower bouquet of white roses. The bridesmaids were arrayed in blue crepe de chine. Mrs. Johnson is the daughter of Mr. and Mrs. James Woods of this place and the groom is the son of Iven Johnson residing north of here. He is a farmer by occupation. However, the young people will reside in Franklin, where a home has been furnished and to which Mr. and Mrs. Johnson went following the ceremony. In their home a wedding breakfast was served to the wedding party. Mr. and Mrs. Johnson have a host of friends who will extend best wishes.

Masonic Reception.

A reception was held here tonight at Masonic hall for several of Franklin's sons who will leave Jacksonville next Tuesday for Camp Taylor. The reception which was under the auspices of the Eastern Star, was in honor of Kenneth Schaaf, Elmer Hanes, Robert Gibson, all of this place, and Bright Tulpin, Waverly. There was a large crowd present and the evening proved most enjoyable in an informal way. Excellent refreshments were served.

Dance at Marquette.

A number of young people of Sacred Heart church and their friends enjoyed a dance at Marquette hall this evening. The Carroll-Large orchestra of Jacksonville furnished the music.

Meeting Friday.

Friday night the woman's division of the Third Liberty loan will hold a meeting at Marquette hall at 7:30 o'clock. There will be good speakers on the program and good music. A similar meeting under similar auspices which was held at Walnut Grove school Friday night has been postponed and citizens are requested to meet at Marquette hall on this date and make the meeting a success.

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

The British have not permitted the halt in the fighting along the western battle front to keep them inactive. With their landmen on the alert, watching keenly and waiting for the next move of the German infantry in France and Belgium, British naval forces, reinforced to some extent by French war craft have carried out a startling and daring maneuver which, if successful, may play a marked part in the future of the war. No less objective was sought than the blotting out by one sweeping blow of Germany's submarine menace from the bases at Zebruge and Ostend by the sinking across the exits from the harbors of large, old time cruisers, laden with cargoes of concrete to make them more difficult of removal. While full details of the attack have not yet been received the information at hand is that two of the cruisers were blown up at the entrance of the Bruges canal at Zebruge and another was sunk while passing in the canal. At Ostend a second additional wharfe were run ashore and destroyed by bombs, but it is believed they failed fully to choke the channel.

Along the entire battle front the state of comparative quietude that has existed since last Thursday continues. The only activity except for small attacks here and there, is being carried out by the artillery.

The German guns have been paying particular attention to the sectors around Ypres, Komel and the Nieppe forests, upon which large numbers of high explosive gas shells have been thrown.

North of Albert the British in a local attack improved their position and took prisoners and additional captives were made by their near Robecq and Wytschaete. Attempts by the Germans to raid French trenches between Lassigny and Noyon were repulsed.

Notwithstanding the lull there is expectancy in the allied camps of the near approach of another great attempt by the Germans to break their lines. All precautions have been taken by the various commanders and everywhere the fronts have been strengthened in anticipation of further onslaughts.

In both the French and the British armies the soldiers are waiting patiently, confident that they will be able to give a good accounting of themselves against any attacks the Germans may make.

ENTERS NEW WORK.

Philip Dooling left recently for Aitch, where he will enter the employ of the Western Cartridge company. Some time later he expects to go to Rock Island to engage in similar work at the arsenal there. He will probably remain at the latter location until called into the army service. The young man was for some years a valued employee of Jacksonville's Crutcher and has many friends here who will follow his work with interest.

TWO HINDUS ARE SLAIN IN U. S. DISTRICT COURT

Revolutionist Murders Fellow Defendant and is Killed

SAN FRANCISCO, April 24.—Twenty-nine defendants charged with conspiracy to violate the neutrality of the United States thru plots to foment revolt against British rule in India, were found guilty in a verdict announced shortly after midnight this morning (Wednesday) by a jury in the United States federal court. In the case of John F. Craig, head of the Craig Shipbuilding yards, Long Beach, Cal., a verdict of "not guilty" was returned.

SAN FRANCISCO, Cal. April 23.—Ram Chandra, Hindu publicist and revolutionist was shot dead here today in the United States district court where he was on trial, by Ram Singh, a former employee and fellow defendant. While Singh still pulled the trigger of his automatic pistol he was shot dead in turn by United States Marshal James B. Holohan, who fired from across the court room and over the heads of lawyers at their tables.

Belief that Ram Chandra had diverted to his own use proceeds from property which Ram Singh had turned over to be used for aiding revolutionary measures is said by federal officials to have prompted the shooting. Both men with thirty others were on trial on charges of conspiring to foment revolution in India. The case went to the jury tonight.

Ram Singh chose for his vengeance the closing hours of a trial which started November 20 last and has seethed with excitement and animosity among the defendants ever since to such an extent that all were searched for weapons daily when entering court. United States District Attorney John W. Preston had finished his closing argument, Judge William C. Van Fleet left the bench and entered the chambers and spectators and lawyers rose to leave the room. At one side of the bar sat the defendants clustered together and at the opposite side by the jury box, Marshal Holohan watched the proceedings. Ram Chandra rose and started across the room. Ram Singh rose also, raised his pistol, and began shooting. Ram Chandra staggered forward and fell dead at the base of the witness' chair with a bullet in his heart and two others in his body. At the same moment Ram Singh fell. Holohan, a man of great stature had shot once so that the bullet should clear nearly counsel. The shot broke Ram Singh's neck. Soldiers who have been on duty in court since the trial opened immediately blocked the exits. Judge Van Fleet hurried back into court, ordered all defendants taken into custody and the courtroom cleared. Then he began an investigation which developed, he said, that at the afternoon session of court that Ram Singh had obtained his weapon in the course of a brief recess in the morning session when he had wandered out into the corridor for a moment.

MR. BREWER TO LEAVE

WAUKEGAN, Y. M. C. A.

The Waukegan Gazette in a recent issue mentions that H. A. Brewer, physical director of the Y. M. C. A. there, has resigned his position because of ill health. Mr. Brewer went to the Waukegan "Y" from Jacksonville. The Gazette in commenting upon Mr. Brewer's resignation says that it is of course a source of keen regret to the Waukegan "Y" members and to others that Mr. Brewer is leaving, as he has done excellent work there and has been very popular with the public. Mr. Brewer will be in the present live on a farm near Mt. Sterling.

MAJ. TILSON TRANSFERRED

A message received yesterday by Mr. and Mrs. E. C. Lambert told of the transfer of their son-in-law, Major C. P. Tilson, from the 7th to the 10th cavalry at Ft. Bliss, Texas. Mrs. Tilson with their children and nurse, has already gone to El Paso, not far distant from Ft. Bliss. Major Tilson, who has been in the regular army since his West Point days, has been for a number of months past located at Ft. Apache, Ariz.

PICTURES FOR RED CROSS SHOP.

The Red Cross chapter is under great obligations to Otto Spiehl for several pictures of the Easter exhibit. Mr. Spiehl took the pictures at the Easter exhibit was made and has just finished the pictures and presented them to the chapter. They will be of still greater interest in years to come.

LIBERTY BONDS DISPLAYED.

Some of the new Liberty bonds were displayed yesterday in the window of the P. G. Farrell & Company bank a liberal allotment having just been received.

William Ham, whose home is in western Kansas, is now in Chapin for a visit with his brother, P. H. Ham.

BRITISH NAVAL RAID ON GERMAN SUBMARINE BASE

Entrance to Bruges Canal is Probably Blocked by Sinking of Five Old Cruisers Filled With Concrete.

(By Associated Press)

LONDON, April 23.—British naval forces today raided the German submarine bases of Ostend and Zebruge, the admiralty announces. Five old cruisers which had been filled with concrete for use in blocking the channels were run aground, blown up and abandoned by their crews.

Reports to House

London, April 23.—Sir Eric Geddes, first lord of the admiralty in supplementing the admiralty report on last night's raid against Zebruge and Ostend, said in giving the house of commons such information as had come to hand of "this extremely gallant and hazardous raid."

"I ask the members to appreciate that most of the officers and men from whom we have got to get the information have been fighting the greater part of the night and that some of them are not yet in."

"The raid was undertaken under command of Vice-Admiral Roger Keyes, commanding at Dover. French destroyers co-operated with the British forces. So obsolete cruisers all from 20 to 30 years old took part in the attack. "They were the Brilliant, Sirius, Iphigenia, Intrepid, Thetis and Vidua."

"The first five of these were filled with concrete and were to be sunk in the channel and entrances to the two ports if this could possibly be managed."

"The vindictive working with two ferry boats, carried storming and demolition parties to storm the head of the Mole which runs out from Zebruge. The Vindictive was specially fitted for landing storming parties and was armed specially for the purpose with flame-throwers, stokes-mortars and that sort of thing."

"There were light covering forces belonging to the Dover command and Harwich forces under Admiral Tyrwhitt, covering the operation in the north. A force of monitors together with a large number of very small motor boats took part in the operation which was particularly intricate and had to be worked to a time table and involved delicate navigation on a hostile coast without lights and largely under unknown navigational conditions developed since the war, with the added danger of mine fields."

"The officer who developed the operation was killed."

"The high development of scientific use of fog and smoke was one of the essentials to success. It was more for than smoke, which, combined with certain wind conditions was essential to the success of the operation so as to protect the operation from batteries which might have flanked it."

"The plan was, after an intense bombardment of Zebruge by the monitors, the Vindictive, with the other monitors, to land the Mole and attack it with gunfire as they approached. Storming the demolition parties were to be landed. Meantime three block ships, assisted by motor boats were to make for the entrance to the canal, run aground and be blown up. Two old and valueless submarines, filled with explosives were to run aground in the pill work connecting the masonry with the short, in order to cut off the Mole from the shore."

"At Ostend the operation was more simple, but the difficulties were considerably increased by mist, rain and low visibility and the consequence absence of aerial co-operation. The results thus far are known to be that two block ships were run ashore and blown up at Ostend. It is too early to say definitely whether they accomplished their object but so far as the officers could see in the darkness they were slightly off the course. At Zebruge two or three block ships attained their objective being sunk or blown up at the entrance of the canal. The third grounded while passing in."

"A certain amount of damage, the extent at present unknown was done by gunfire and torpedo attack on an enemy destroyer and other craft lying at the Mole. Coastal motorboats report having torpedoed an enemy destroyer which was trying to escape seaward. One of the two old submarines gained its objective and destroyed the piling approach to the Mole. Storming parties from the Vindictive and the ferryboats attacked under an extremely heavy fire and fought with the greatest gallantry maintaining their position alongside the Mole for an hour and causing, it is believed, much damage to the enemy and inflicting considerable losses. The objectives for the storming and demolition parties on the Mole were the enemy forces holding it and the battery upon it as well as the destroyer and submarine depots and the large seaplane base upon it."

"After re-embarking their landing parties, the aforesaid three vessels withdrew. This attack primarily was intended to engage the attention of the garrison on the Mole thereby allowing the block ships to enter the harbor. The casualties to the personnel, as we had expected in a hazardous

adventure of the kind were heavy in proportion to the number of men engaged. Up to today the British losses reported are one destroyer sunk by gunfire and two coastal motorboats and two launches missing.

"We have sufficient information to show that the entrance to the Bruges canal probably was effectively blocked, that material damage was done and that the greatest credit is due to all ranks for their gallantry."

Await Full Story.

Washington, April 23.—American naval officers await eagerly the full story of the successful French-British naval blow against the German destroyer and U-boat bases on the Belgian coast. The impression prevails here, supported by certain facts regarding American naval preparations that a carefully planned naval offensive against the U-boats has begun which is to be pressed vigorously until the under water raiders are bottled up or checked to such an extent that their operations will no longer be a serious factor.

There is nothing to indicate that the navy department had advance information as to the operations at Zebruge and Ostend. It is known however, that officials here have been anticipating developments in the anti-submarine warfare within the next few weeks that would establish a definite check on the U-boats. American co-operation in this effort is being extended in various ways which cannot be disclosed.

The raids on Zebruge and Ostend is the most daring attempted by the allied sea forces in some respects during the war and the fact that landing parties were successfully put ashore and the survivors re-embarked in the face of German batteries and troops shows, officers here say, that nothing should be viewed as impossible until it has been tried out.

It was suggested today that the recent raid against trawlers by British ships was a part of the general plan for aggressive action. Presumably the allied forces now are preparing to mine the Belgian and German coasts thoroughly, backing up the mines with a guard of heavy ships to beat off the German fleet should it come out and with numerous smaller craft to drive off or destroy mine sweepers that attempt to clear lanes for the U-boats.

Since the raid shows the German coast defenses are not invulnerable, to some officers this action is looked upon as forecasting the possibility of an attempt to force a landing in the rear of the German line, thus turning the flank of the whole German position in Flanders.

BOARD ASKS FACTS ABOUT REGISTRANTS

The local exemption board requests the following facts from men to advise as to their present occupation. The information is desired to enable the board to determine whether or not the registrants are subject to call.

The board urgently requests that answer be made by return mail:

Frank B. Rausch, Meredosia. Hilding Marklund, Jacksonville. Albert C. Nail, Prentice. Erwin H. Schmagener, Concord. Arnold Shelton, Waverly. Manuel Darush, Jacksonville. William T. Casey, Woodson. John R. Robinson, Jr., Jacksonville. Robert S. Gibson, Franklin. Clarence W. Ranson, Jacksonville.

Russell Brockhouse, Chapin. Herbert L. Sinclair, Sinclair. Walter W. Puls, Meredosia. Grover Haven, Jacksonville. Leo J. Lockhart, Jacksonville.

IMPROVED ROADS

Engineer Abel of the highway commission is here from Springfield to superintend the repair work on the state aid road east and north of the city. He has three teams belonging to George Nunes employed in hauling materials.

EVANS SHOWS COMING

H. H. Beldy, advance agent for the Ed A. Evans Greater Shows, came to the city yesterday to complete arrangements for the coming of that company for the week beginning May 6th.

WEATHER INDICATIONS AND TEMPERATURES

Illinois.—Cloudy Wednesday; rain in south and central portions; cooler in east and south portions; Thursday probably rain.

Temperatures.

The current, maximum and minimum temperatures as recorded Tuesday were:

The Lutheran church trustees have done both wisely and patriotically in taking out membership in the Maximum War Savings Club. The church has an excellent interest bearing, absolutely safe investment and has also added to the sum total of patriotism.

The stories of the vast debt that Germany is piling up and that bankruptcy stares the nation in the face read well. But somehow the German people do not seem to be starving and it was not so very long ago that verified reports came that her soldiers were more warmly clad than the Samitians. There is no advantage in minimizing the strength of the enemy.

If Germany does mistreat American prisoners of war retaliation would be easy for the number of Germans interned in this country is large. Nobody knows this fact better than the German government and the story of mistreatment does not sound quite plausible.

WILL THAT DAY EVER DAWN?

The report of the engineers engaged to investigate the water supply situation in Jacksonville is voluminous and contains a great deal of information tending to throw light upon the whole situation. However, there is one paragraph in that report which can not doubt be shown to be true, that especially sums up all the fondest hopes of those who are thoroly interested in the present welfare and future prosperity of Jacksonville. The paragraph reads, after describing the proposed impounding reservoir and filtration plant: "The water from such a plant properly operated, would be clear and sparkling and safe for domestic consumption."

AN EDISON TYPE MAN NEEDED.

Thomas Edison may be too far advanced in years to permit his being the right man to speed up the aircraft production program. However his is a name to conjure with and the task is one which calls for a man somewhat of his type. The president according to rumor is fully convinced of the breakdown of the aircraft management up to date and is getting ready to select some man equal to the big job. It is to be hoped that his choice is as fortunate as that for the head of the ship building board.

DOUBLE THE LOAN NEXT FRIDAY.

Most of the counties of Illinois have already "gone over the top" for the Third Liberty Loan. They are asked to do so again by the Commander-in-Chief of the American Army and Navy, President Wilson in a formal proclamation making Friday, April 26th, a National Liberty Day, says: "Patriotic demonstrations should be held in every city, town and hamlet throughout the land under the general direction of the Secretary of the Treasury and the immediate direction of the liberty loan committees organized by the federal reserve banks. Let the nation's response to the third liberty loan express in unmistakable terms the determination of America to fight for peace, the permanent peace of justice."

It will be a good thing to finish up the loan on that day by subscribing two or three times.

No one will be a loser by subscribing twice or three times what might be expected of him. He will have made a good investment that he will be mighty proud of when the boys come home victorious.

THE NEXT MISSOURI SENATOR.

Political conditions in Missouri are mightily stirred since the death of Senator Stone and Gov. Gardner has the authority to name his successor. There seems some hope that the new senator may measure up to the duties of the present when a paper like the St. Louis Republic is urging the governor to name a "senator of the 1918 model." That paper thus defines the kind of a man that the time demands.

"Wherever he hails from, he should be representative of the new thought which is sweeping the world." He should be able to see, and to sympathize with, the new order of things that is taking the place of the old. He should recognize the part the worker is to play in this order and be willing by his course in Congress to

help prepare for it. He should be right, but not radical, on the leading questions of the day, such as woman suffrage and prohibition. He should be a man with no personal or family axes to grind.

"Above all, the new Senator should be a man of unflinching patriotism, a student of the war and its problems. He should have the courage and ability to take an active part in the deliberations of the Senate, whenever conditions demand it, and to give intelligent, loyal and disinterested support to the President and his policies.

If this seems a large order, we can assure the Governor it is not an impossible one. Such a man can be found. He must be found."

RIPPLING RHYMS

By Walt Mason

HOME CHORES.

Of course you'll list to every yarn that speaks of siege and battle, but don't forget to paint the barn and feed the hogs and cattle. Anon you'll pause to criticize the latest war maneuver, but don't forget to swat the flies and mind the rules of flower. We mustn't overlook the chores that keep the pulleys turning, because a distant cannon roars, and battlefields are burning. With me you will in gladness jump when Prussian strength seems dwindling, but don't forget to prime the pump and carry in some kindling. We have to keep things moving on in times of stress and panic just as they moved before the dawn of warfare most titanic. Our sacred bulwarks we betray if we stand idly yawning, instead of raising greens and hay, and corn for future popping. Oh, come, let's plant our Burbank peas and hoe the fragrant lettuce, then talk of scraps across the seas and gains that they will not us. Come, let us prune the hardy squash, remove the weeds and boulders, then wade around in gore, kerosene, up to our waists and shoulders. We have to feed the allied hosts, and stop Bill's submarining, so let us quit the hitching posts on which we have been leaning.

WHITE PIG MARKET

AFTER MANY YEARS

The many friends of Edward Higginson of Wichita, Kans., were glad to greet the gentleman who made a brief stay in the city yesterday. He was many years ago a citizen of this city and employed as clerk in the dry goods store of Alex McDonald, on the corner now occupied by S. S. Knoles though it was not the same building. He married the younger daughter of Rev. and Mrs. L. M. Glover and removed to Humboldt, Kansas, and later to Wichita where he has been for a number of years. He is head of a large wholesale grocery house and has two sons with him occupying important positions. Another son is in other business and a daughter is studying music in Chicago. Mr. Higginson was on his way home from the great city and left his wife there with their daughter for a time. Although somewhat along in years Mr. Higginson is well preserved and as active as ever. He stood very high in the estimation of all who knew him when he lived here and has the same reputation in the metropolis of southern Kansas where he now resides.

FIRST BAPTIST CHURCH NOTES

There will be a special ordination service Wednesday, 2:30 p. m. and 7:30 p. m. Dr. Brand, State Supt. of Baptist Missions, will deliver the ordination sermon Wednesday at 7:30 p. m. All members of the church urged to attend the evening session and all others cordially invited.

CHILD OF MR. AND MRS. H. B. BROCKHOUSE DIES

Death Came to May Irene Brockhouse, After Brief Illness—Chapin News Notes.

Chapin, April 23.—May Irene Brockhouse, infant daughter of Mr. and Mrs. Harry B. Brockhouse, two miles northwest of Chapin, died last Sunday afternoon after a very short illness. The little one was born on Tuesday the 16th, and gave promise of being healthy and was a very nice looking baby, too. Mrs. Brockhouse was formerly Miss May Rigg of Chapin. The parents have the sympathy of a very large circle of relatives and friends. A short service was held today at 2 o'clock p. m. at the house by Rev. J. E. Herbert, after which burial was made in Concord cemetery.

Mrs. Walter Woodward was reported on the sick list on Sunday, but is feeling much better at this writing.

Mrs. A. R. Kessinger of Rome, N. Y., is here visiting A. L. French and other friends and relatives.

A movement is on foot to oil the road from Pratt's corner to Merodossia. The route to be followed goes north from Bethel, past the Lutheran church to the road running west past the new Lutheran church, and according to our map, figures up about fifteen miles. This will give Mr. Woodward, rural carrier on Route No. 1, about half of his route on oiled roads.

NEWS NOTES FROM MERRITT VICINITY

W. L. Breeding Chosen as Director at School Election Saturday—Liberty Bonds Find Ready Sale in Merritt Precinct.

Merritt, April 23.—Farming has been at a stand still for the past week as the weather conditions were so unfavorable for farming. Mrs. Angeline Gray departed this life last Wednesday morning at the home of her daughter, Mrs. Alford Grady. Funeral services were conducted at the church Thursday afternoon at 2:30 Rev. Ray Razan officiating. Interment was in the Gillham cemetery.

Norman Taylor was calling on friends in Bluffs Saturday. The school election held here last Saturday resulted in the election of W. L. Breeding for director.

There was no service here Sunday evening on account of bad roads and the inclement weather. Sam Snow spent several days last week visiting with friends in Naples.

Norman Campbell was a Springfield visitor last Wednesday. Liberty Bonds are still selling in this precinct which speaks very well for Merritt precinct. It indicates that the people are trying to do their bit.

DISASTROUS RUNAWAY IN CHAPIN MONDAY

Horse Belonging to Earl Rahe of Morgan Became Frightened at Child's Coaster Wagon—Mrs. Gilliland's Condition Unimproved.

Morgan, April 23.—Earl Rahe drove to Chapin last Monday morning, hitched his horse to the rack at Mr. Eller's store and was in the store attending to some business when a child came by with a little coaster wagon which frightened his horse. It broke loose from the rack, broke one wheel of the buggy and broke some of the harness. Later the horse was found in a field west of Chapin.

Mr. and Mrs. C. E. Drake were callers here last Tuesday.

Charles H. Taylor was a Bluffs visitor last Saturday.

Henry Matis of Chapin was hanging paper and painting at Harmon Rahe's last week.

Mrs. Gilliland who has been on the sick list the past week does not improve in a satisfactory manner.

Last Saturday was election day for school directors. Alpha Anderson was elected at Bethel and Fred Middleton at Hazel Dell.

Miss Mattie Morris returned to Bluffs last Saturday.

It is reported that John Owens has bought the Johnson property in Bethel. In a short time there will be another town lot turned into corn field.

Ford Sanderson was a Jacksonville visitor last Saturday.

ADVERTISED LETTERS.

The following letters remain unclaimed in the postoffice at Jacksonville, Illinois, during the week ending April 23, 1918.

Ralph I. Dunlap, Postmaster.
Mrs. F. M. Roberts of Chapin has recently purchased a Pan American car which is very handsome in design.

Local Food Price Bulletin

(Approved by Food Administration)

The following prices for foodstuffs in Jacksonville have been approved by the food administration. The prices are given which the retailer pays and which the consumer should pay:

Articles—	Retailer Pays	Consumer Should Pay
Bread, 1 pound	8c	9c to 10c
Bread, 1 1/2 pounds	12c	14c to 15c
Beans, navy	14c to 16c	17c to 19c
Beans, lima	15c to 16c	18c to 20c
Butter, creamery	43c to 44c	46c to 50c
Butterine	28c to 31c	31c to 36c
American cheese, cut	24c to 27c	27c to 29c
American cheese, whole	24c to 27c	27c to 29c
Eggs	32c to 33c	33c to 35c
Flour, 1/2 barrel	\$1.38 to \$1.48	\$1.46 to \$1.63
Flour, 5 pounds bulk	29c to 30c	32c to 35c
Flour, entire wheat, graham	25c to 30c	30c to 35c
Hominy	6c to 6 1/2c	7c to 8 1/2c
Lard	28c to 31c	31c to 37c
Lard compound	24c to 26c	26c to 32c
Corn meal, 5 pound bag	25c to 30c	30c to 35c

Under the food administration's latest order retailers must sell and consumers must buy with each pound of white flour an equal amount of some substitute. Customers have choice of corn meal, corn starch, corn flour, hominy, corn puffs, barley flour, rice flour, oatmeal, rolled oats, buckwheat flour, soy bean flour and feterita flour and meal. Rye flour is not considered a substitute for wheat flour.

Articles—	Retailer Pays	Consumer Should Pay
Bacon, 4 to 6 pounds, whole piece	42c to 46c	45c to 50c

Rice	9c to 11c	11c to 15c
Sugar	\$7.98 1/2c @ 100	8 1/2c to 9c

INDIANS WILL PUT ON SPECIAL FEATURES

Will Establish Indian Village at Nichols Park July 4th

At the regular meeting of Delaware Tribe No. 78 Improved Order of Red Men held Tuesday evening much enthusiasm was shown about the proposed production of the Boston Tea Party which will be given at Nichols Park on the night of July 4th. It was the consensus of opinion that the Tribe will work in conjunction with the general committee appointed by Dr. Rammelkamp to take charge of the professional pageant.

At the meeting last night Past Great Sachem J. F. Brennan was present and gave a splendid talk. He suggested, and it was endorsed by the tribe, that in addition to the Boston Tea Party that a number of other scenes be given portraying the Indian history of the state.

Delaware Tribe has perhaps one of the finest collection of Indian relics in the state, if not in the entire country. It is proposed to establish an Indian village at the park in conjunction with the tableau work and to display these relics as palefaces have never seen many of them.

It also is probable that in addition to this entertainment that a float will be made and placed in the professional pageant down town. It is expected that preliminary work on the stage settings for the tableau at Nichols park will be commenced at an early date so that everything will be in readiness to show Jacksonville citizens true portrayals of the aborigines.

DR. GILMER ILL; CANNOT COME TODAY

Joint Meeting of the Dental Society and Medical Society Postponed.

Tonight there was to have been a joint meeting of the Morgan County Medical Society and the Dental society to listen to an address by Dr. Gilmer of Chicago. Dr. Gilmer is Dean of the Northwestern University Dental school and is a well known oral surgeon. Late yesterday afternoon a long distance telephone message was received saying that Dr. Gilmer was sick and that while his illness was not considered dangerous his physician had positively forbid his undertaking the trip. It is expected that he will be in Jacksonville as soon as he is sufficiently recovered.

Dr. Carl E. Black had invited the physicians and dentists to be his guests at dinner tonight in honor of Dr. Gilmer. The dinner is also called off until some future date.

PATRIOTIC URANIA

For genuine patriotism commend us to Urania Lodge No. 243, I. O. O. F. They have gone clear over the top in patriotic investments. Of War Savings Stamps they have bought the second \$500; have already invested \$2500 in Liberty Bonds and expect to buy \$1000 worth more. Then individuals have subscribed for \$1100 for War Savings Stamps to date. Chairman E. E. Henderson says that as a whole there is to the credit of the lodge more than \$3500 worth of War Savings Stamps.

This surely speaks well for the members of this grand order. Urania is one of the wide awake societies of the city and will not lag behind when it comes to patriotic duty.

MOVED AGAIN

Mr. and Mrs. R. P. Joy have received word that their son Donald has again been ordered to move, this time to a good long distance. He is with his command near Springfield, Mass., and has been ordered to move to Camp Hancock, Georgia.

TOMLINSON'S LOSE TO WHISLER'S TEAM

Fast Game Goes to Whisler's Tossers by Score of 2 to 1—Pitchers Both in Fine Form and Hits Were Scarce.

Tomlinson's tossers lost a fast game to Whisler's team on Illinois field by a score of 2 to 1. The game was marked by air tight pitching on the part of Pierce and Daigh and both received good support. The Whislers played without an error while three misplays marked the work of the Tomlinsons. The score:

Whistlers: AB, R, H, O, A, E.	
Swain, ss ..	2 0 0 0 2 0
Howard, c ..	2 0 0 1 1 0
Pierce, p ..	2 0 0 0 0 0
H. Swain, 1b ..	1 0 0 8 0 0
Dunlap, 2b ..	2 1 0 1 3 0
Whisler, 3b ..	2 0 0 0 1 0
Match, cf ..	1 1 1 0 0 0
Drennan, lf ..	2 0 0 0 0 0
Erwin, rf ..	2 0 1 1 0 0

Totals	17	2	2	17	7	0

WHY A NASH SIX?

1st—Because it's worth more than last August price, \$1,295 F. O. B. All others have raised once; several others twice, and some others, three. Yet we have remained the same. In view of this fact we are always 100% oversold every day in the week.

2nd—Because we have just ONE PRICE, that's the list price and the people of Morgan and Scott counties have long been respecting us by not asking, "Now what is your low dollar?" If you doubt, only ask NASH OWNERS.

3rd—Because we don't PROMISE service; we GIVE it.

4th—Because they are so difficult to get that we have been placing orders for past month and the situation remained unchanged. Give your order now, "still at the old price" to the

WHY I BELIEVE

IN NUXATED IRON

As a Tonic, Strength and Blood Builder

Probably no remedy has ever met with such phenomenal success as has Nuxated Iron. It is conservatively estimated that over three million people annually are taking it in this country alone. It has been highly recommended and used by former United States Senators and Members of Congress. Physicians who have administered it to thousands of patients, and who have prescribed and recommended it. Monseigneur Naimi, a prominent clergyman, recommends it to all. Former Health Commissioner Wm. R. Kerr, of Chicago, says it ought to be used in every hospital and prescribed by every physician.

Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon Jefferson Park Hospital, Chicago, says Nuxated Iron has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nervous system, strengthening the muscles and correcting digestive disorders.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor dept.), New York, and the Westchester County Hospital, says there are thousands of men and women who need a strength and blood builder but do not know what to take. In his opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Note—Nuxated Iron which has been used by former members of the United States Senate and House of Representatives, and other prominent people with such surprising results and which is prescribed and recommended above by physicians is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not irritate the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser, or they will refund your money. It is dispensed by L. H. Davis & Co., Strong & Armstrong, Gilbert's Pharmacy, J. A. Obermeyer & Son and all other druggists.

The New Studebaker Cars

The Big Studebaker Six is the finest seven passenger car Studebaker has ever built. It is in every respect a quality car. The lines are clean, simple and massive. In every way it is a car to admire. Can make delivery in two weeks' time.

Here are some genuine bargains in used cars. The cars are in good running condition and priced right. Some of them can be seen at Alexander and others at the Wheeler & Sorrell's garage.

One 1917 Maxwell—good condition.

One 1917 Ford Touring.

One 1916 Ford Touring.

One 18 series Standard Four seven passenger Studebaker—like new.

One 18 series DeLuxe seven passenger six cylinder demonstrator—like new.

EPIDEMIC OF SCARLET FEVER AT WOODSON

Schools Closed and Church Services Discontinued—Other Woodson News.

Woodson, April 23.—On account of the new outbreak of scarlet fever, the schools are closed for this term. Churches have closed their doors until it is thought safe to open again. All children under 15 years have been ordered kept off the streets for ten days. We hope this will stamp out the malady.

Mrs. W. G. Russel has returned home from a two months stay with her son William at Henderson, Ky.

Miss Marie Megginson has been on the sick list the past week. Miss Hazel Watson has been caring for her.

Mrs. H. N. Goacher of White Hall was a visitor here Friday and Saturday.

The "Tom Thumb Wedding" was a success, considering the weather. The little folks need much praise for the interest taken in this little play and for the Red Cross.

Ray Bates is expected home from Detroit for a few days with his parents, Mr. and Mrs. John Baxter, before going in this next quota for Camp Dix, Wrightstown, New Jersey.

Miss Daisy McKearn was a Murrayville visitor Saturday.

Harvey C. Harney has been called to leave in the next quota for Camp Dix.

C. C. Self, Harry and Cliff Smith were business visitors in Jacksonville Wednesday.

Dr. R. R. Jones has been suffering the past few days from a severe bronchial attack.

Rev. Chester Birch arrived here Saturday evening but owing to the churches being closed he will not preach here this week. But will go to Jacksonville and hold a week's meeting for Rev. Walter E. Spoons. The Jacksonville people are fortunate in securing Brother Birch, for he is a powerful speaker.

Mrs. Charles Kaune will leave for her home at Donaldson Monday. Mrs. Kaune has been the primary teacher here the past year, and has taught a very successful school.

J. W. McAllister and Maj. Henry shipped 6 cars of cattle to St. Louis Monday.

Misses Grace McAllister and Hazel Ezard left last week for Houston, Texas, to visit the former's brother, Russell McAllister who is stationed at Camp Logan.

The Exchange Meeting between Rev. Cronkrite of Lynnville and Rev. Oldham of Woodson, which was announced for last Sunday was postponed for an indefinite time, on account of the bad weather.

The Household Science Club meeting which was to have been with Mrs. G. H. McKean has been postponed.

Come to the Odd Fellows Hall on Wednesday afternoon and sew and knit for the Red Cross. An urgent call is being made for sweaters.

The new cases of scarlet fever are all doing nicely. This is the report from the physician.

The work on William Mortimer's new house is progressing nicely. Mr. Mortimer is having a fine new modern home erected on their farm 3 miles east of Woodson.

NOTICE TO CONTRACTORS.

Bids will be received by the city council until 10 a. m. Monday, April 29, for the construction of certain sidewalks on the following named streets, because of failure on the part of property owners to comply with notice sent them, the city will have the work done and taxed against the property in accordance with the law. The streets are as follows: North Main, South East, Pine, North Diamond, West College, South Sandy, Lorton West Court, Myrtle, Mathers, and also Allen, South Clay, East Independence and Ashland avenues.

The council reserves the right to reject any and all bids when contract is awarded. Contractors must give bond.

R. L. Pyatt, City Clerk.

NOTICE

TO WATER CONSUMERS

Water will be shut off today on West State street from the square to Church street, and on North West street from West State street to Lafayette avenue, and on West Court street to West street, from 1 p. m. to 5.

Joshua Vasconcellos, Commissioner of Public Property.

NEWSY NOTES FROM NORTONVILLE

Woman's Club Will Hold All Day Meeting—Surprise Party for John Smith.

Nortonville, April 23.—The Woman's club will hold an all day meeting in the I. O. O. F. hall Wednesday, April 24th. Special instruction on surgical dressing will be given by three women of the Jacksonville Red Cross club.

Mrs. Gussie Henry's condition is not quite so favorable at this writing.

Tuesday evening, April 16th a host of relatives and friends gathered at the home of Mr. and Mrs. John Y. Smith. The occasion being Mrs. Smith's birthday.

Due to the inclement weather the party departed for their homes at an early hour. Altho Mrs. Smith has seen better days she still has more "pep" and grit than many of the young girls.

Mrs. Ray Kelley of the West side is convalescing.

Holland Wilcox and John Miller loaded a car of hay Monday at Clements and consigned it to a firm in St. Louis.

Roy Kelley and family of the Durbin neighborhood were visiting Mr. and Mrs. Gussie Henry Sunday.

Charles Kelley was re-elected school director for the ensuing three years. John Miller was elected to fill the vacancy made by F. L. Hungerford.

Rev. Antrobus of Manchester filled his regular appointment Saturday and Sunday.

Charles Lashmet sold a fine bunch of hogs to Thomas Loneragan last week.

Uncle Curtis Jones who was reported in a very serious condition is some better at this writing.

BLUFFS BOY IN SPRINGFIELD HOSPITAL

Claude Brackett Undergoes Operation for Removal of Abscess in Side—Oxville Will Have Red Cross Sale—Other Bluffs News.

Bluffs, April 23.—Claude Brackett was taken on a cot to Springfield Sunday where he will undergo an operation for the removal of an abscess of the side. He was accompanied by his mother, Mrs. Laura Brackett of Exeter.

Miss Crusula Kelley, who has been the guest of friends in this vicinity for the past week, returned to Jacksonville Sunday.

Mrs. J. E. Likes spent last week with her son, Everett in Beverly.

The citizens of Bluffs and vicinity are planning to go to Winchester in autos Friday to view the war relics that will be on display there. They are planning on about fifty cars to go in a body if the weather and roads will permit.

Mrs. L. Hale was taken to Jacksonville a few days since, where she underwent an operation for the removal of a cancer.

The Red Cross chapter of Bluffs has been assigned 50 sweaters as its quota to be completed by June 1st. An extra effort will be put forth to have them completed at that time.

Saturday, April 27th is Red Cross sales day at Oxville. As yet they have no regular organization but they are getting ready to do their bit.

Mrs. Herman Vannier was taken to Our Savior's hospital where she will undergo an operation.

Mrs. Jay Graham, who has been ill at the home of her daughter, Mrs. Eugene Carpenter for the past eleven days was able to return home Sunday much improved in health.

Walter Currey, who has been located near Chattanooga, Tenn., for several months, spent Friday until Sunday with friends here. He returned to Springfield where he will reside for a time.

Miss Pearl Rockwood, who closed a successful term of school at Brush college east of town has been employed to teach there the coming year.

Bluffs is planning to have a Red Cross sale here about the middle of May but no committees have been appointed as yet.

The Junior Red Cross membership is climbing upward. They have not fully completed their paper campaign but expect to have their paper ready for shipment soon. At present they have 25 large bags completed. All papers and magazines sent to them must be tied in neat bundles and may be left at any convenient place where they will be collected.

To win this war the U. S. Government must have money, and it is the duty of every man, woman and child to

BUY A LIBERTY BOND

The U. S. Government does not ask you to give your money, it only asks you to lend it, and receive a good rate of interest.

Come into our Bank today and buy your Liberty Bonds and help win the war. Then you will be showing your patriotism in a practical way—a way that means help to your Country and to Victory.

U. S. Government Liberty Loan Bonds are the safest investments in the whole world and you will receive 4 1/2 per cent interest payable semi-annually.

WATER SUPPLY REPORT HAS BEEN RECEIVED

Engineers Pearce and Greeley
Make Statement on Local
Conditions—Fourteen Foot Dam
at South Fork Most Economical
Prospect.

The report made by Langdon Pearce and Samuel A. Greeley, hydraulic and sanitary engineers on the proposed additional water supply for Jacksonville has been received by Mayor H. J. Rodgers, as chairman of the joint committee of city council and citizens on water supply. A report has also been sent to Dr. Harker of the committee, who is now out of the city.

At an early date the joint committee will meet to formally receive the report and to discuss some of its provisions. Based on a study of the whole situation the engineering firm recommends the construction of an impounding reservoir at the South Fork of the Mauvalsterre and a filtration plant for which the estimated cost is \$75,000. The report is of many typewritten pages and includes various maps and drawings. As indicated when Mr. Greeley was here recently in conference with the joint committee, the study of the situation had included the possibility of a water supply from the wells at the north side station and from four impounding possibilities—at the South Fork of the Mauvalsterre, the North Fork of the Mauvalsterre, Big Sandy creek and Lidian creek.

Drainage Areas Vary.
The principal difference in these streams, the report shows, is in the size of the drainage areas and in the distance from the city. The water from the South Fork can be impounded nearer to the city distribution system than any of the others and at the present time would be the least costly to develop.

A reservoir at the North Fork would require a supply main extending into the city about 5,000 feet in length. Furthermore, the distribution mains in the North side of the city are not of sufficient capacity and would have to be enlarged for any supply from the north. This same fact would apply to a supply from either Indian creek or the North Fork. It would be costly, moreover, to develop a supply from Big Sandy creek which is located several miles from the city.

It is therefore the recommendation of the engineers that the most feasible plan is to develop an impounding reservoir at the south pumping station by the building of a 14 foot dam. In after years if further supply is needed this could be re-enforced by raising the dam two or three feet and by building small storage dams and reservoirs further up the stream on the two branches of the fork.

The proposed storage supply from the 14 foot dam, however, would be entirely adequate for the city's present needs. The engineers suggest a dam of earth construction with a clay puddle extending down to clay, approximately 20 feet below the surface. A spillway with a capacity of 167 cubic feet per second per square mile is contemplated thru the side hills east of the dam. The excavations for this channel would be used in the construction of the dam.

The Vortex High Oven Range

There are many High Oven Ranges on the market, but we believe the problem is solved in THE VORTEX.

We have turned down many opportunities to buy a High Oven Range, till we found one that was built as we thought it should be. So when we saw the VORTEX and considered the construction, the arrangements of flues through and around oven.

The pipe from top of stove to oven is 8 inches with a 7 inch outlet, thus a more uniform heat can be obtained.

A 2-burner Hot Plate for gas can be attached to either side.

WE WANT YOU TO SEE THE VORTEX

It is a Real High Oven Range
See it in Our Show Window.

Social Events

Tuesday Club Had Illinois Program.

Members of the East Side Tuesday club met with Mrs. J. Marshall Miller on West North street Tuesday afternoon. It was an Illinois program and the discussion centered about two papers. Miss Josephine Hairgrove presented "The Legends of Illinois" and Mrs. J. M. Wolfe "The Natural History of Illinois." Both papers showed thoughtful preparation. A social hour and refreshments followed, the whole afternoon being of great interest.

D. A. R. in Interesting Meeting Tuesday.

An interesting meeting of the D. A. R. was held at the home of Mrs. C. F. Ehnie, 873 West State street, Tuesday afternoon. During the regular business session a small china pig was brought in. In the pig's mouth were two checks each for \$46.41, the gift of J. Frank Strawn and family. Recently Mr. Strawn agreed to give the proceeds of the sale of two pigs to the D. A. R. to be divided equally between the Red Cross fund and the fund for French and Belgian relief. The checks represented the amount received for the pigs. Following the business session Miss Janette Powell gave a splendid talk on the "Pioneer Days of Illinois." Mrs. Mabel Mathews Gregory sang "The Trumpet Call," with Miss Grace Gillham as accompanist. H. H. Bancroft then gave a talk on the Illinois centennial. A social hour followed with refreshments.

Strawn's Crossing Club Hold Session.
Mrs. Wesley Robertson was hostess to members of the Strawn's Crossing Woman's club Tuesday afternoon at 2:30 o'clock. A goodly number of the women being in attendance. The first number on the program was the singing of America, followed by an interesting and well written paper by Mrs. William Cleary on "The State Park and the Legend of Starved Rock." A paper by Mrs. Henry Strawn on "Why Rabbits and Eggs are Connected with Easter" was much enjoyed by the company. Roll call was responded to by "Current Events." Following the program came a social hour during which the hostess served excellent refreshments. The club will meet next with Mrs. Arnold on May 7th.

D. A. R. Enjoyed Patriotic Program.

Members of James Caldwell chapter, D. A. R., met for the regular meeting Tuesday afternoon with Mrs. C. F. Ehnie at her home on West State street. Miss Janette Powell presented a paper on "Pioneer Life and Adventure" and Florence Bancroft gave a talk on the Illinois Centennial. The musical number of the afternoon was a solo by Mrs. A. R. Gregory, "The Trumpet Call," her accompanist being Miss Gilliam. Altogether it was a very instructive and entertaining program. Mrs. Ehnie had decorated her home with spring flowers for the occasion and during the social hour refreshments were served. Mrs. Ehnie was assisted by Mrs. Henderson, Mrs. Layton, Mrs. Harber, Mrs. Cornington, Mrs. Potter and Misses Mary Dummer, Mary Johnson, Hazel Strawn and Florence Ward.

Oakland School Pupils Had Picnic.

Pupils of Oakland school, located five and a half miles north of the city, enjoyed an all day picnic Tuesday. The time was spent on the grounds near the school in a very happy way. Games of various kinds were played and an excellent dinner was served. Miss Mary Ogle is the teacher of the school and her work has been of a kind to make it greatly appreciated by the pupils and their parents. In addition to the pupils present yesterday there were a number of grown ups to enjoy the day. The company included the following: Helen, Oran and Ball Fitzsimmons; Alma Bridgman, Paul, Eric, Russel Flynn; Floyd, Mildred, Raymond, Austin, John and Billie Bourn; Isaac Barber; Lola and Ollie Stevens; Dorothy Bourn; Mr. and Mrs. A. Carpenter, Miss Ethel Gains, Mrs. Austin, Herbert Ham, Mr. and Mrs. Arch Bridgman, Mr. and Mrs. Ellis Peteish, Mr. and Mrs. John Phillips, Mr. and Mrs. John Burmeister, Frankie Bourn, Hiram Pate, Roy Black, Misses Gussie and Hazel Green, Mrs. R. Green, Grandmother Green, Estella Bourn, Mrs. John Bourn, Fred Flynn, Mrs. Fitzsimmons, Mary Ogle.

Jacksonville Lodge 570, A. F. & A. M. will hold a special meeting at 7 o'clock for work.

Visiting brethren welcome.
N. Kuykendall, W. M.
E. L. Kinney, Secy.

MR. SIDLES OWNS SCOTT HOUSE AGAIN

People of Chapin were glad to know yesterday that Elmer E. Sidles is again the owner of the Scott hotel there. Some years ago Mr. Sidles was proprietor and ran it to the satisfaction of the public. Since that time it has passed thru a number of ownerships and has just been transferred to Mr. Sidles by George W. Hogan. The sale was negotiated by E. F. Johnston.

LIEUT. GARDNER WOOD IN FRANCE

Mr. and Mrs. Benjamin Wood have received a brief announcement of the arrival of their son, Lieutenant Gardner Wood, somewhere in France. The young man may be depended on to give a good account of himself.

FORMER WINCHESTER RESIDENT PASSES AWAY

Word Is Received of the Death of Joseph Hodgkinson at Aurora—Other News Items.

Winchester, April 23.—Word was received here today of the death of Joseph Hodgkinson, which occurred at 8 o'clock this morning at Aurora, at the home of his daughter, Mrs. Roy Violet. Deceased was a resident of Scott county practically all of his life with the exception of the last few years. He was a farmer and followed that occupation until failing health compelled him to retire. Mr. Hodgkinson was married in 1862 to Miss Lou Howard, a sister of the late William Howard. Mrs. Hodgkinson preceded her husband in death eighteen years ago.

Two children survive, Mrs. Violet and George, both of Aurora. Deceased was a man well liked and has many friends in this vicinity who will regret to learn of his death. The body will be brought to Winchester for burial.

Fritz Haskell and Misses Lillian Sibert and Nellie Lashmet were visitors in Bluffs this afternoon to hear the Jackie band concert.

In order to aid the work of the Third Liberty Loan and insure a good reception for the special war relic train which is expected here Friday, Mayor Roosa, has issued a proclamation that all business houses suspend business and close on that day from 9 a. m. to 12.

In the list of selected men from Scott county who go to Camp Dix next Monday the name of Eugene Rochester of Manchester appeared as Eugene Rogers.

In the circuit court Monday, Judge Smith presiding, the following cases have been decided: Paul Carey vs. Bert Carey, assumpsit. Verdict for plaintiff.

Blanke Wonnaker vs. Harlin McLaughlin, assumpsit. Verdict for plaintiff.

Ed. Smith vs. Hardin McLaughlin, assumpsit. Verdict for plaintiff.

Minnie Pine vs. John B. Pine, divorce granted.

Mrs. Electa Watson returned Tuesday from a visit with her son in St. Louis.

Big Swan district No. 45 school closed Friday. The teacher, Miss Maude Moses, expects to leave Wednesday for Pekin where she has accepted a position.

ILLINOIS COUNTIES FIRST IN LIBERTY LOAN

Subscriptions in Southern Part of This State Set Record for Union—Chairman Crabtree Is Commended by Washington Officials.

The splendid record made by Southern Illinois in the Liberty Loan campaign is a matter of local pride. This state is the first in the union to "go over the top" and when it is remembered that E. E. Crabtree of this city is the chairman it can readily be understood that his work has been of the most efficient kind. The Liberty loan organization yesterday sent out the following telegram:

Southern Illinois in the eighth federal reserve district is the first district in the union to "go over the top" carrying with it every county in the section of the state within the reserve district. Southern Illinois has sold 116 per cent of the quota. Today Chairman Crabtree received official recognition for excellence of work done in the campaign of congratulatory telegram sent by treasury officials in Washington.

W. C. T. U. MEETING

The Willard Union, W. C. T. U., will hold an all day institute meeting at the Y. M. C. A. building Wednesday, April 24th, beginning at 10 a. m.

The meeting is called at the request of Clara Wilday, county president, Meredosia, Ill.

Free luncheon will be served from 12 until 2 o'clock.

Children are invited.

PARENT-TEACHER MEETING

A meeting of the Second Ward Teachers Association of the Second Ward will be held at Lafayette school this afternoon at 3:30 o'clock. Dr. Myron L. Pontius will give an address on his experiences at Camp Logan, Houston, Tex. Mr. Carl L. L. Jensen of College of Music of Illinois Woman's College will give some interesting numbers and Miss Helen Sorrells of the Illinois Conservatory of Music of Illinois College will give a group of violin numbers.

AUTO TRIP TO SOUTHERN ILLINOIS

G. W. Eastin will leave this morning in his Ford car for Marion county to take an extended vacation on his farm. He will be accompanied by Mr. and Mrs. Lee Huff who will make a brief visit with relatives.

JURY IN POYLE CASE OUT AT PRESS TIME

The trial of John H. Poyle charged with selling liquor in local option territory was given to the jury Tuesday afternoon. At the time of going to press the jury was still out.

Mrs. C. W. Hewitt of Cogswell, North Dakota, is visiting her sister, Mrs. H. O. White of 416 Jordan street.

WILL MEET TODAY

The medical advisory board will meet at Passavant hospital today at 1 o'clock.

George T. Carson of Tallula was a business visitor in the city Tuesday.

Miss Anna Devlin and William G. Devlin of Virginia were Tuesday callers in Jacksonville.

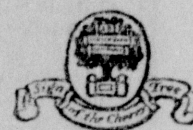

Ernest Strawn of Alexander paid the city a business visit yesterday.

Mrs. R. S. Fanning of Greenfield, who has been visiting H. C. Busby and family, returned to her home yesterday.

BRIEF PARAGRAPHS FROM CONCORD

News Notes of Interest from Concord.

Concord, April 23.—Mrs. John Filson has returned home from a visit with relatives in Missouri.

Mrs. Spencer Smith was unfortunate in not winning the thousand dollar auto in the Successful Farming contest, although she secured a liberal cash commission however and wishes to thank all who so kindly helped her in this work. A Mr. Rusford of Virginia secured the auto prize.

Miss Bessie Robinson is visiting her aunt, Mrs. L. O. Goodrich in White Hall this week.

Mrs. Adella Cooper and little son have been on the sick list for a few days but are improving. Mrs. Cooper's mother writes from Hot Springs that she is doing well and sleeps better than for years.

Miss Ruth Henderson returned on Tuesday from Eureka for the summer.

W. F. Nergeneah has just commenced a large hay and stock shed 32 x 50 feet. S. M. Henderson is chief carpenter to do the work.

The prospect for wheat in this section was never better than at this time.

Henry Tieman was in Jacksonville Tuesday on business.

Mr. and Mrs. Dan Keating have gone to Scott county to visit Mrs. Keating's family, the Woodalls.

PUBLIC SALE!

—On—

Saturday, April 27th

Beginning at 1 o'clock, I will offer at public auction at my residence in Murrayville:

C. J. Wright, Auctioneer

TO ALL TOWNSHIP, COUNTY AND DISTRICT ADMINISTRATORS AND BAKERS—BULLETIN.

(Food Administration.)

The Food Administration is now soliciting your added efforts and co-operation in the business of war.

The compliance to regulations requiring the use of substitutes by bakers is not only to be strictly adhered to, but places the bakers of the United States under more solemn obligations.

Your Government has created a trust in the bakers which is as sacred as if the money itself were entrusted to you and the allies and our boys "over there" depended upon you for flour.

For this season competition must be eliminated and co-operation is imperative.

Your volume of business has been increased without extra effort on your part and it is up to you to play the game along the proper lines.

There should be no trade secrets among you and if you believe that you are more successful in the use of substitutes than a fellow baker you should not use this

in winning trade away from him. Furthermore, it is your patriotic duty to get in touch with the less successful bakers and by demonstration and explanation help him bring the quality of his product up to yours. In addition this will eliminate the waste in substitutes and white flour used in experimenting.

The Food Administration appeals to you and your patriotism to do these things in their wisest sense and help this grand old

country of ours over the rough spots and do your utmost to bring victory home.

This bulletin comes to you from the Bakery Department of the Illinois Division of the U. S. Food Administration, and if this department can serve you in any way, please command us.

U. S. Food Administration,
G. N. Heinemann.

TENNIAL PAGEANT OVER GREAT SUCCESS

es Given by High School Cen-
ennial Club at Nichols Park
itnessed by Thousands —
ork was of Commendable
aracter—Jackie Band Gave
rogram.

hen the rain began to fall
day night the spirits of the
ennial club of the high school

feil with it for all had so hoped
for good weather Tuesday even-
ing, the date for the centennial
pageant. Nature seemed to re-
pent yesterday morning to the ex-
tent of dispelling the clouds
though the air was distressingly
cool. Prof. Callihan and the
management said go on and they
went.

Immense Crowd Present
Unfortunately the rehearsal
they intended the evening before
was drowned out but they went
anyway and if anyone had pre-
dicted the size of the audience

which was at Nichols park he
would have been set down as
mildly insane.

The park board had no imag-
ination or thought of any speed-
ily large attendance as the weath-
er was so cool so the superinten-
dent and president of the park
board were the only ones on hand
and for two hours they were kept
on the jump directing the park-
ing of the automobiles and ve-
hicles. The roadway all along the
lake was filled as full as could be
allowed, hosts of cars were ar-
ranged all along the lawn back
of the road and many more had to
be sent across the lake to do the
best they could and it is a source
of gratification that with all the
jam the park was cleared without
an accident.

In the way back to town just
south of Michigan avenue an au-
tomobile light went out and the
car crashed into one ahead of it
disabling it which was the only
accident heard of and that was
a mile out of the park.

The street railway company did
admirable service bringing out
every car in the city, ten in num-
ber and hurrying them to and fro
as fast as possible and they were
crowded, but the fact that all
were good natured for the com-
pany was doing its best.

Jackies Band Makes Hit
At the appointed time the
Jackies band appeared playing as
they approached the bridge which
was soon a mass of humanity in
addition to the vast throng occu-
pying the seats which had been
placed for them opposite the place
of performance, and people in
the stage were erected
nearly opposite, the refreshment
building, a little to the north of it
and opposite this all available
park seats were placed.

The band played "The Star
Spangled Banner," all heads in
the audience being uncovered and
then Paul Samuels was intro-
duced and made a very eloquent
appeal to all to remember the
crisis thru which our land is pass-
ing and buy Liberty bonds. He
was heard with marked attention.

Again the band played and then
the program began. The perform-
ers were supplied with special
red lights and various other ap-
pliances while a special search
light was also arranged to light
the various scenes and it was
done admirably.

Scenes Splendidly Given
The effects of the lights and
sounds across the water was most
happy and the light was so strong
that all could see distinctly. The
staging and scenery were fine and
the costumes and properties left
nothing to be desired and the
singing was superb. The audience
was in full sympathy with the per-
formers and all were well. The
Jackies favored the audience with
a number of selections between
the numbers so that there were no
tedious waits.

The scenes were changed and
prepared with remarkable prompt-
ness and though the undertaking
was so ambitious it was carried
out without a hitch or delay. Cer-
tainly it was fully enjoyed and
all in connection have ample rea-
son for satisfaction. The follow-
ing was the program. The make-
ups were fine and the persons in
the cast looked and acted the
characters assigned them. The
following was the cast:

Cast of Characters
Scene I. Illinois Poster.
Pioneer—Vinton Wood.
Scene II. Landing of La-
Salle.
LaSalle—Claude Cully.
Indian Guides—Roy DeSilva.
Glenn Bartlett.
Indian Chief—Victor Shep-
pard.
Indians—Harold Ferguson.
Paul Mohn, Harold McDougall,
Arthur Brown, Harry Sandberg,
Louis Leurig.
Scene III. Pioneer family in

a Mover's Wagon.
Men—Francis Reynolds, Vin-
ton Wood.

Women—Elizabeth Cogswell,
Elsie Pires, Eloise Smith.
Children—Caroline Landers,
Norman Vieira.
Scene IV. D'Artagette Burn-
ed at the Stake.
D'Artagette—Eugene Darr.
Scene V. Minuet at ball
given in honor of LaFayette at
Shawneetown.
Belles—Margaret Hamilton,
Carman Dugger.
Beaus—Hugh Wilson, John
Robertson.

Scene VI. Black Hawk
Watching the passing of a Flat
Boat.
Black Hawk—Victor Shep-
pard.

On flat boat—Women—Mable
Ruyie, Marion DePew, Lucy
Pyatt, Dorothy Towle.
Men—Harold Cockin, Paul
May.

Scene VII. Underground Rail
Road.
Man—Roy Tholen.

Women—Alice Carter, Marion
Blair.

Fugitive Slaves—William
Douglas, Frank Douglas.

Soldier—Roger Carter.

Scene XII. Mother Bicker-
dyke on the Battle Field.

Mother Bickerdyke—Bonnie
Woods.

Scene XIII. Modern Red
Cross Nursing—Nurses—Louise
Struck, Margaret Todd.

Scene XIV. Liberty Loan.

Uncle Sam—Hugh Green.

John Bull—Fred Darr.

Frenchman—Willard Bap-
tiste.

Scene XIV. Grand Finale.

Columbia—Esther Wetzel.

Violins—Louise Robinson.

Mary Winchester, Harland
Moses.

Pres. of Centennial Club—
Vinton Wood.

Credit Due Managers.

Miss Louise Gates and Miss
Helen Calkins, teachers, were the
special managers of the whole
performance and to them the
greatest praise is due for the ad-
mirable work they did. Of course
Prof. Callihan was everywhere at
once and indefatigable in every-
thing pertaining to the enterprise.
Vinton Wood, president of the
centennial club, and his members
all were active and useful in the
preparation of the program.

The management also requests
the Journal to tender special
thanks to W. S. Hoover and the
manual training department for
valuable assistance; the domestic
science department for makeups
and flags; Miss Lena Hopper for
drilling the quartet; Miss Dorothy
S. Wood for training the minutie;
John Strawn and William Lacey,
property managers; the park
board for great courtesies shown
Supt. Schaefer for getting the
lights on the bridge and in the
band pavilion in place and other
services; Mullenix & Hamilton for
use of boats; Supt. E. H. Gray and
G. A. Sieber for the electric lights
and work in connection; Andrews
Lumber Co. for the loan of lum-
ber; The Red Men for Indian cos-
tumes; Hugh Green and Fred
Darr for valuable assistance, and
all who in any way helped make
the affair the grand success it
was.

WAR RELIC TRAIN
COMING THURSDAY

Will Arrive at 12:30 O'Clock Noon
Over C. and A.—Here for Two
Hours—Chance to See a Great
Exhibit Without Cost.

The war relics train, one of the
Liberty Loan organization adver-
tising features, will come to Jack-
sonville tomorrow, arriving at
1:30 noon over the Chicago & Al-
ton and remaining until 2:30.

The reports from cities where
this train has been record great
interest on the part of the public
and genuine enthusiasm over the
exhibit. The collection of relics
is of a kind which both old and
young will appreciate seeing and
Canadian and French soldiers will
be on the train to explain all
about the different pieces of equip-
ment shown. If you want to get
a close up view of the war front,
this will be your opportunity. The
train will arrive promptly at
12:30 and remain until 2:30.

FAVORITISM CHARGED IN COMMISSIONS

"Safety First" Jobs Said to be Ap-
portioned to Sons of Cabinet
Officers' Friends—Hundreds of
Youths of Draft Age Have
Desks at Washington.

(Chicago Tribune)
Washington, D. C.—How poli-
tical pull operates to land and
protect young men of wealth and
influence in bullet proof commis-
sioned jobs in the navy is disclo-
sed by several instances which
have just come to light.

Ensign A. F. Goltra of St.
Louis, son of Edward F. Goltra,
Democratic national committee-
man from Missouri, was given a
commission in the naval reserve
by Secretary Daniels. But when
orders were issued calling out the
personnel of the naval reserve, a
direct request came from Secre-
tary Daniels to place Ensign Gol-
tra on the inactive list, which
meant that, while being held in-
eligible to the draft, he was to be
exempted from active naval serv-
ice.

Naval officers demurred, refus-
ing to issue the order. A few
days later came another direct or-
der backed with the recommenda-
tion of the commanding officer of
the district, that Ensign Goltra
be placed on the inactive list.
Naval officials had no choice but
to obey the order.

Second Order is Issued.

A few months later there was
a change made and the accommo-
dating naval district command-
er was transferred. The new com-
manding officer knew nothing of
Goltra's case. He wanted a man
and he found Goltra's name on
the inactive list, whereupon he is-
sued orders assigning Goltra to
duty.

Goltra Sr. came to Washington
to protest. He saw Secretary
Daniels. A second order was
issued post haste restoring young
Goltra to the inactive list. The
new commander of the naval dis-
trict in question was shown that
there are certain limitations to his
authority in calling Secretary
Daniels' friends to sea duty.

Among the others placed on the
inactive list are four young men
from Raleigh, N. C., Secretary
Daniels' home.

Case of Edward Doheny.

Then there is the case of Ed-
ward Doheny Jr., the son of Ed-
ward Doheny, the oil king, who
contributed \$25,000 to President
Wilson's campaign fund in 1916
and was credited with having won
\$500,000 in bets on Wilson's elec-
tion.

Young Doheny, who is of draft
age, was an applicant for a naval
ensign's commission. Naval of-
ficers turned him down, because
commissions were granted only to
men who attended the special
Annapolis classes, and there was
no authority for commissioning
men from civil life.

But Secretary Daniels gave
young Doheny a commission, not
as ensign but as junior lieuten-
ant, a higher grade, and assigned
him to a bullet proof job in the
office of the judge advocate gen-
eral of the navy in the navy depart-
ment.

Another political friend for
whom Secretary Daniels did a
favor is Norman E. Mack of Buf-
falo, chairman of the Democratic
national committee when Presi-
dent Wilson was nominated. Mr.
Mack has a son-in-law, Philip
Metz. Mr. Metz was given a com-
mission as assistant paymaster,
one of the bullet proof posts in
the navy, and is stationed in
Washington in the same bureau
with Humphrey Redfield, the son
of Secretary of Commerce Red-
field.

Young McAdoo Does Well.

Ensign Francis Huger McAdoo,
the young son of the secretary of
the treasury and director general
of railroads, is on a submarine
chaser in home waters. Inasmuch
as the submarine chasers were
found too light for overseas serv-
ice this is a comparatively safe
job unless German submarines
should appear off the Atlantic
coast.

It transpires, however, that the
most powerful influences in the
nation were exerted recently to
provide Ensign McAdoo with an
even safer job. Young McAdoo
did not want a job any safer than
the one he has, and he succeeded
in defeating the powerful influ-
ences exerted in his behalf.

Young McAdoo got into the
navy's commissioned ranks thru
unusual circumstances. He was
sent to the first of the special
summer classes at the Annapolis
Naval Academy by direct order of
the president, the only case on
record, naval officials believe,
where such powerful influence
was exerted on behalf of a candi-
date for the Annapolis classes.

Kicks and Enters Service.

But after getting in the class
young McAdoo made good. He fin-
ished first in a class of several
hundred. Young McAdoo, is the
son-in-law of Col. Emerson, a
wealthy Baltimore yachtsman. It
was reported he was to be given
command of his father-in-law's
yacht, patrolling Chesapeake bay,
but he insisted on real service and
was assigned to a submarine
chaser.

A few days ago there was an-
other direct order from the White
House. This order recalled En-
sign McAdoo from his assignment
and sent him to the navy depart-
ment as an "instructor" at Annapolis.
Ensign McAdoo reported at An-
napolis in obedience to orders to
act as instructor to young cadets
in the naval academy, where he
had been rushed through a three
months' course a short time be-
fore.

Ensign McAdoo came to
Washington and kicked himself
out of his instructor job. He
kicked so effectively, while Mc-
Adoo senior was out on his Lib-
erty loan campaign, that the navy
department granted his request to
be sent back to his submarine
chaser.

Lane on Active Duty.
Franklin K. Lane, Jr., son of
the secretary of the Interior, re-
fused to take advantage of influ-
ences that would have kept him
safe in Washington. He quali-
fied first as an army aviator. Then

he was transferred to the naval
air service and almost immedi-
ately assigned to a desk in Wash-
ington. He objected, however, and
soon succeeded in procuring as-
signment to active service abroad.

Secretary McAdoo's son-in-law,
Ferdinand Mohrenschildt, who
was attached to the Russian em-
bassy until the Bolsheviks ousted
the embassy staff, has been given
a good paying position on the
legal staff of the shipping board.

One of these young officers,
among the 778 men of draft age
holding commissions in the or-
dnance offices here, is First Lieut.
Hollyday C. Meeds. He is the
husband of the daughter of T.
Coleman Du Pont, the multi-mil-
lionaire powder manufacturer.
The young couple have a house
in the fashionable Chevy Chase
district.

Another ordnance officer is
First Lieut. Stanhope W. Nixon,
son of Lewis Nixon, the million-
aire shipbuilder.

H. Horton Hampton's Case.

H. Horton Hampton, a young
man of draft age, who was pre-
sident of the Cleveland real estate
board, has joined the colony here
of noncombatant officers from
Cleveland, the home of Secretary
of War Baker. Young Hampton
is a captain in the ordnance re-
serve corps.

The case of Capt. Hampton has
been brought to light through an
interesting exchange of pleasant-
ies between him and Congress-
man Gordon of Ohio. When Con-
gressman Gordon opposed draft
legislation Hampton called on
Gordon to resign. Gordon has
written a letter to an Ohio consti-
tuent in which he said:

"H. Horton Hampton, former

president of the Cleveland real
estate board, who requested me to
resign, is one of those swivel chair
or ink well commissioned officers
to whom you refer.

"As soon as he had registered

under the draft he rushed down
here to Washington and through
some mysterious political influ-
ence succeeded in getting a com-
mission as first lieutenant and has
since been promoted to captain."

Torn Up!

The contractors have commenced
tearing down the old front to our store,
to replace it with new and modern plate
glass windows.

When completed, it will give us more
and better display space, an up-to-date
store front, and a better lighted store
room. All of which will benefit our cus-
tomers as well as ourselves.

In the meantime, however, we will
have some rare store bargains, to com-
pensate those who will put up with the
inconvenience of a torn up store.

Our slogan is "business as usual"
during the period of remodeling.

CHESTER BIRCH MAKES INTERESTING TALK

Speaker at Northminster Uses "Drilling for War" as Theme For Timely Discourse.

Seldom have the people of Jacksonville had the privilege of hearing a man of the type of Chester Birch who is speaking every night this week at the Northminster church. Mr. Birch is a man of great travel and experience. He has worked with a number of the leading evangelists in the country, and he is excelled by none of them when it comes to a clear and forceful message. He gave a powerful message last night on the subject, "Drilling for War."

He said in part: "Why has the Church failed, in this war age, asks some one. We answer it has not failed. If any failure has been discovered, it is because we have not prepared to meet the Devil with his poisoned gas and sought out inventions. England's first One Hundred Thousand melted like snow in the sunshine, because they had not prepared to meet the underhanded methods used by the Hun."

"Now look with me for a while at God's method of drilling the Church at Ephesus. Apollos who was eloquent, was sent to this town, yet he was not as perfectly instructed in the scriptures as he should have been, but God used him."

"Paul directed Timothy to go to Ephesus and preach to them, and as they might forget God sends a message thru John on the Isle of Patmos, urging them to return from their heart wanderings. "Paul preached so mightily to them, that they burned some of the instruments they had used in idolatry and worldliness. His speaking seemed to displace some of the many a faithful man of God may do today. This Ephesian revival was a drill for the followers of Christ, who would become good soldiers."

"This was a mighty revival, for it is said 'the word of God grew,' and the name of Jesus was magnified." We need warning here these days. We face dangers lest we magnify our family name, or our commercial rating, or our culture, or our athletic trophies, or even our denomination."

"No, instead of catering to the dictates of some who say what's the use, the church work is hard,

tell them its hard drilling that makes the good soldier, and the church must have the last word, when it comes to some of our boys who fight in the trenches swimming in human blood, many of them must fall, and its up to the Church to keep in drill for these emergencies. So instead of fewer services, hold more, and pray, and preach and teach, and never listen to the enemies of Christ to dictate a policy for the running of the Church."

NOTICE TO WATER CONSUMERS
Water will be shut off today on West State street from the square to Church street, and on North West street from West State street to Lafayette avenue, and on West Court street to West street, from 1 p. m. to 5.

TRAINED BOYS AS PRACTICAL FARM HELP
"This movement to put city boys 16 to 21 years of age on the farm is one of the greatest things that has ever been done for Illinois farmers," said Ralph Allen, of Delavan, Tazewell county, at a recent meeting of the directors of the Illinois Farmers' Institute.

"The ordinary class of single farm hands that we get now are men who have made a failure of life. They are working on the farm because they have failed at everything else. They have a certain amount of skill, but not much intelligence. Now we have a chance to get high class young men, with a high degree of intelligence, we should welcome the privilege and make use of it. With a little training these young men will make much better farm hands than the kind we have been accustomed to. I hope to see this work continue after the war is over."

PROBATE COURT.
In the estate of Manuel Ward, the petition to pay debts was allowed.

In the estate of Richard Leary letters testamentary were ordered to issue to Mary Cosgriff.

Letters of administration were ordered to issue in the estate of Hannah N. Cohn to Margaret Killam and R. H. Headen.

JACKIES BAND MADE BIG HIT IN JACKSONVILLE

Sailor Boys Gave Concerts at the Grand Opera House and Nichols Park—J. Bart Johnson is Director of Organization—Met at Train by Local Committee—Dinner at Pacific Hotel.

Jacksonville citizens gave the Jackies Band from the Great Lakes Naval Training station a royal welcome Tuesday.

The band arrived over the Wash from Pittsfield about 5:45 o'clock and were met at the station by a local committee and escorted to the Pacific hotel. Here a fine dinner was served which had the usual Pacific hotel excellence. The menu contained everything from spring chicken to strawberry shortcake and the members of the local committee easily held their own with the Jackies in the matter of eating.

The committee which had charge of the arrangements for the band while in Jacksonville was composed of J. W. Callahan, chairman, M. F. Dunlap, P. E. Farrell, T. M. Tomlinson, W. D. Doying, H. H. Bancroft, H. A. Perlin, C. A. Johnson, M. L. Pontius, C. A. Fiedler, W. S. Hoover and G. W. Davis.

After supper was served the band was taken to the Grand opera house where two selections were given in front of the theater. Then a short musical program was given in the theater in connection with the benefit for Passavant hospital.

At 8 o'clock the band marched to the south side of the square where a special car was taken to Nichols park. Here a splendid concert was given which interested the centennial scenes which were being given by the high school students.

A capacity audience greeted the band at the theater and thousands of citizens heard the concert and witnessed the centennial scenes at the park. An added feature to the event for local people was the presence of J. Bart Johnson who is touring for two weeks with the band as musical director.

There are few peers of Mr. Johnson as a director and during the brief time he has been with the band he has won the friendship of every member of the band. This was illustrated in a happy manner when Mr. Johnson entered the dining room at the Pacific.

He had been discussing the matter of the band making a brief stop at Roodhouse today and came in after everybody was seated. As he walked to his chair the members of the band gave him a salute which was certainly original and made a big hit with the other diners.

At the park Rev. M. L. Pontius who has charge of the four minute men in the county had H. P. Samuel and John M. Butler who made four minute talks on the Third Liberty Loan. At the Grand M. F. Dunlap made a brief talk.

Following the program at the park the musicians union gave a banquet and snack for the members of the Jackies band in Mr. Johnson's music house on the south side of the square which was greatly enjoyed.

While there was not a large crowd at the Wash station when the band arrived owing to the proximity to the dinner hour a vast throng crowded the walks of the down town streets along the line of march to the Pacific hotel and gave the band a cordial greeting. The members were well behaved young men and showed at all times evidence of the training and discipline they have received that they were full of life and played all manner of pranks on each other.

The band left over the Alton this morning. They appear during the day in White Hall, Jacksonville and Carrollton. A committee from Roodhouse consisting of William Hult, chief train dispatcher of the Alton, J. V. Porter, Lee Peeto and George Bundy were here and consulted with Mr. Johnson to see if a brief stop could not be made at that place.

WAR BEGINS ON BANBERRY BUSH

State and Federal Authorities Unite to Exterminate Plant Which Menaces Wheat—Statement by Prof. Isabel Smith.

Six inspectors will war on the American barberry bush, under the direction of the state department of agriculture. The men, who are to receive \$1 annually from the state, but will be under pay by the government will begin their work in a short time. The state civil service commission at a recent session approved the plan of Director Adkins to attempt to stamp out the bush, which causes black rust in wheat.

Inspections which have been made recently show that the Japanese barberry bush is used in yards of the state, but it is not damaging to wheat, and will not be cut down. The European type, however, must go. The State of Illinois will commission the inspectors in order that they may have a legal right to complete the work.

The cedar tree, which is dangerous, when planted in the immediate vicinity of orchards will be destroyed by the state. The approval of the owner. There is a federal and state law on the subject which will be enforced. A recent report received by the department is that a forty acre orchard in Adams county was greatly damaged because of the close proximity to a growth of cedar trees.

In a statement on this important subject recently Miss Isabel Smith, professor of biology referred to an article by Dr. John M. Coulter in the Chicago Tribune and said:

"It seems presumptuous to add any words to those of so great a botanical authority as Dr. John M. Coulter, but I have been asked by the department of Agriculture and the Department of Plant Pathology of the State University to second this request which they make of the public, so splendidly voiced in the article by Dr. Coulter."

"These facts in regard to wheat rust have been known for a number of years. Botanists have not before considered it necessary to advise the cutting out of the European barberry, as it is a beautiful shrub. But the war certainly makes this a duty."

"Perhaps it is well to emphasize the fact that the dwarf barberry, so commonly planted now, does not harbor the rust and can be saved. This shrub, known as the Japanese barberry, is low, has single yellow flowers, serrated leaves, insipid scarlet berries, and spines which are usually single pointed."

"The European barberry has been planted in the country much longer; is tall, often attaining a height of eight to ten feet; both flowers and fruit are in drooping clusters, the former ill scented, the latter having a strong, spicy, and with an acid flavor; the spines are three pointed. It is hoped that all European barberries will be dug up."

AS LONG AS OUR SOLDIERS HAVE TO SHELL THEIR WAY IN, THE PEOPLE OF THIS COUNTRY MUST SHELL OUT. BUY WAR SAVINGS STAMPS AT HERMAN'S.

CAPT. ECKARD DIED AT HOME IN PEORIA

Physician Well Known Here Contracted Pneumonia in Army Service at Camp Logan.

Capt. E. M. Eckard, well known in this city and doctor in the army service, died recently at his home in Peoria. A message telling of his death was received by his sister, Mrs. M. A. Carille. Capt. Eckard was well known to a great many Jacksonville people as he married Miss Agnes Sears of this city in 1894. He had previously attended the Whitty academy for a number of years and afterward entered upon his medical course, graduating from Rush medical college in 1895.

For a number of years he had practiced in Peoria and had been very successful in his work there. In the fall of 1917 he entered the army service and was stationed as a surgeon at Camp Logan. While on duty there he contracted a case of pneumonia from which he recovered sufficiently to permit his removal to his home in Peoria. His improvement seemed to be steady but Friday there came a change for the worse, his death Sunday ensuing.

The funeral will be held in Peoria, today and Mrs. Carille went to that city to attend.

LAST CALL FOR TAXES

If not paid by May 1st will be subject to a penalty of one per cent and advertised immediately thereafter. If you do not want to be detained an hour or two in the office you will not defer the payment.

GRANT GRAFF, Sheriff and Ex-Officio Collector.

BLUE JEANS IS GREAT PICTURE

Blue Jeans, a picture of Joseph Arthur's great play opened a two days stay at the Grand Tuesday afternoon and evening. Large audiences greeted the picture at both showings. Blue Jeans was one of the great stage successes thirty years ago and it loses none of its quaintness and charm in its transference to the screen. The production is given with a great cast headed by Viola Dana and the costumes and settings are true to life. The picture is being given for the benefit of the Peoria hospital fund and will be shown again this afternoon and evening. It is well worth your while to see this picture in addition to aiding a worthy cause.

LEO SEHY DESCRIBES LIFE AT CAMP JOHNSTON

Interesting Letters Received from Jacksonville Boy Now a Member of Supply Company No. 310, Camp Johnston, Fla.—Mentions Other Local Boys at Camp.

Leo Sehy, a Jacksonville soldier who is now at Camp Johnston has written the following letters in which he tells of conditions and life at the camp. One letter is to relatives and the other is to S. A. Fairbank, who was associated with the writer at the store of H. L. and B. W. Smith. Jacksonville, Fla., April 3, 1918.

Dear Folks: Well I am still in camp but do not know how long it will be. I was just over this afternoon and bought some things at the government commissary at cost price and will have enough to do me a long time. I spent \$2.08 and bought 2 bath towels, real large and good ones for 25c each; 2 large sticks of shaving soap at 15c each, sell for 25c; 2 cans of tooth paste, 15c a can; 4 bars of face soap; 2 bars of laundry soap and 6 cans of Prince Albert at 10c a can, sell at 15c, and I have a few other things to buy yet which are some horse blankets, pins and a match lighter or as they call it, a cigar lighter.

The Soldier's Pack. Here is what we will pack on our backs when we go any place for a few days or what we will be wearing in France when we are on duty: We have a thing to put on our backs that will take care of these articles: 2 blankets, 1-2 tent, tent pins and pole, a raincoat, 1 suit of underwear, 2 pairs of socks, 1 bath towel, 1 face towel, shaving and toilet articles, 1 can of bacon, 1 condiment can, knife, fork, spoon and cup, pan, water bottle, pistol, holster, first aid set, 2 extra magazines for gun and belt. The rest of our stuff will be in our bag that goes wherever we go, and things will not be so bad after all, when it comes to comforts in being able to have what you want. I think I will have some things to send home in a few days, you see we can not have anything that they do not pass on.

Saturday our company and some of the other are going to march in the streets of Jacksonville for the third liberty loan and we will go in either by boat or car. I think we will march with our packs on our backs. I have not seen Joe since the last letter I wrote you and do not know anything new about him. Men are going and coming all the time here in camp and that is the way all over the country.

Last night I went with another fellow to the theater which seats about 2500 men and when we went in the lights were not on and after everybody stayed in there about an hour they found out that there was something wrong with the camp power plant and the whole camp was in darkness. I had to leave my writing and in the meantime I went up to Joe's room to see if he knew anything new but he said he was getting a lot of drilling and that they were doing most of the drilling in running to make it like they were on horses. His job will be riding a horse, which will be his own, and they will have to bring up horses from the rear and supply the artillery and other units when they need them. I believe we are getting to get another rain but it is lightning every minute and thundering in the distance. A few nights ago we had a storm and it rained something awful. The ground was all flooded and deep ditches washed in, and at some places the ground was washed out from underneath the pavement.

Well, this is about the fourth time that I started this letter so I think I had better stop writing. Hope you are well and that I will hear from you soon.

From Leo, 310th Supply Co., April 18, 1918

Dear Mr. Fairbank: I guess you think that I don't write very much, but that is not the case, when you take all our letters into consideration to whom you write, you find it is quite a job.

I am getting the Jacksonville Journal every day and I want to thank you for having it sent to me, as I read it all the way from front to back page. Suppose you see some of the folks and ask them about me. I try to keep them posted on what I am doing and any time you want to know anything they ought to be able to tell you.

The Doing of a Day. As you know, I am in supply Co. 310 and we are a company of 250 men ready to go out of this camp for overseas duty at most any time. We do not know when, but just figure on two or three days every morning we get up and it seems like the time will never come. We spend a great deal of the time marking and tagging our equipment and learning such things as rescuing wounded soldiers; learning to speak French; taking singing lessons and learning songs for marches, also how to set tents and make packs. For about two hours in the morning we drill and the afternoon we take a small hike for about an hour and a half.

We are using the new time and get up at 5:45 in the morning and go to bed at 8:30 o'clock. From the time we are up in the morning we are going all day long on the schedule we have for our company.

The weather is warm but very nice for army life. The ground here is a kind of sand and you never get muddy or dusty as up north. If I ever leave this camp I can say that I have seen something of Florida, as you will see on the map the places I have visited: St. Augustine, Green Cove Springs and Palatka. The latter place I visited last Sunday. Made the trip by boat to Federal Point and from there to Palatka in an auto. The boat had on it about 700 soldiers and I with a few

We've Sold More Spring Suits to Date, than Ever in the History of this Store.

Golf Balls and Bags **MYERS BROTHERS.** Golf Clubs

others went to Palatka where I came back on the train. You ought to see the potatoes they raise down there. Just like corn fields around home.

Joe is in field remount squadron No. 305 and I see him a few times each week. Clarence Sauer, Charles Flannigan, Paul Frank and some others are still here in camp. You ought to see the camp, just like old school days. A great many are getting schooling and line up with paper books and get instruction in their different departments. There has been some rumor that our company will get some schooling but I don't think we will in this country.

The three "Y's," K. C. hall and American theater all offer much amusement and I always have plenty of choice when I am off duty.

Yours very truly, Leo F. Sehy, 310th Supply Co.

My seed corn has arrived. I have it at my residence No. 202 N. Prairie St. Ill. phone No. 412. F. L. Hairgrove.

MRS. PATTERSON HAS PASSED 80TH BIRTHDAY

Relatives and Friends Gathered at Home of Mr. and Mrs. E. G. Deweese to Observe Important Anniversary—Lines From a Friend.

The family and friends of Mrs. William Patterson gave a pleasant surprise for her at the home of her daughter, Mrs. E. G. Deweese, Sunday April 21, in honor of her eightieth birthday. A beautiful dinner was served and the occasion was one that was enjoyable in every way for both Mrs. Patterson and the guests.

Mrs. Patterson tho so far advanced in years is well and strong, both mentally and physically, and her continued strength is a matter of great joy to her family. In addition to the host and hostess, Mr. and Mrs. E. G. Deweese and their daughters, Pearl, Ruby and Edith, the following were present: Mr. and Mrs. A. J. Bacon, Mrs. May and daughters, Frances and Audrey; Mr. and Mrs. Alexander Patterson, Mr. and Mrs. G. W. Patterson, Mr. and Mrs. Irvin Patterson and son Wilbur, Mr. and Mrs. Edward Patterson and family, Mr. and Mrs. Walter Patterson, family, Martha and Ray Patterson, C. A. Rowe and Samuel Wood.

The following lines, offered by a friend, were most highly appreciated by Mrs. Patterson and the guests present:

Thru Eighty Years.
"Dear friend, for eighty years your feet have traveled o'er life's changing way. With eyes still bright with hope you are The eightieth milestone passed today. Along the pathway you have come The flowers of memory sweetly bloom

Their fragrance on your spirit falls. Like scattered rose blooms in the gloom.

"Life is a song," the poets say. Each heart must sing a varying strain. For here God strikes a chord of joy And there perhaps a throb of pain.

Dear friend, your life to us today Like quiet restful music seems The mated strains of youth are o'er And hushed, the best of stirring dreams.

In long review, before you pass on, let us for our leader bow The efforts made for God and man The work so well and nobly done.

Your Father's hand is clasped in yours; No need for sorrow or dismay The rosy sunset of your life Shall brighter into heavenly day."

Mr. and Mrs. T. N. Owen and daughter Lucille were travelers to the city from Roodhouse yesterday.

RAISE \$90.25 FOR RED CROSS
Another successful gathering raised money for Red Cross work was the box social held at the Hartland school house north of Franklin Monday evening. The good people of that community have already manifested a live interest in similar good causes and the event was largely attended.

A feature of the evening was a old-time "spelling bee" conducted by Silas Eades, who has for several years taught in the school of Macomb county. Miss A. Crawford proved the best speller of those taking part. A box of candy as the prize in a popular young lady voting contest went to Miss Della Seymour and brought \$22.25. Mr. Eades made a stirring patriotic talk, and the sale of 24 boxes by Finis Seymour netted \$68.00 making total of \$90.25.

The gathering was held under the auspices of Hartland District Unit, Women's Committee. Council National Defense. Last week the ladies raised \$40 as Hartland's contribution to Franklin's quota of the War Community Recreation Fund, leading all other rural districts in the precinct. Mrs. M. L. Roberts is chairman of the Unit.

Exelso

Leads wherever soft drinks are found

The next time you feel out of time and "all hot up" just walk to any place where drinks are sold and say, "A cold bottle of EXELSO please." Then watch old "Ambish" bob up and take charge. EXELSO is different from the rest and will give you a new liquid pleasure. It is made by "HAMM OF ST. PAUL" and represents over 50 years of the "knowing how" to get all the good out of American cereals and tonic hops.

WHITE HALL GIRL BRIDE OF SOLDIER

Raymond King Wins Bride Thru
Message Thrown Off Train Ten
Months Ago—Will Reside at
Fort Sheridan — Liberty Loan
Special to Visit White Hall —
Other White Hall News.

White Hall, April 23.—A war
romance with all its fascinating
and gripping interest terminated
Monday evening, when a young
White Hall maiden became the
bride of an officer from Fort
Sheridan, near Chicago. The wed-
ding ceremony was performed by
Rev. John A. Simpson, pastor of
the First Baptist church, at the
parsonage at 7:30 p. m. In the
presence of only the mother and
the grandmother of the bride,
Mesdames Pearl Edwards and
Pearla Nell.

Ten months ago Raymond King
passed through White Hall on a
special troop train, and his name
was among those thrown off by
the jolly passing soldiers, being
picked up by Miss Eva Edwards,
and a correspondence followed.
King proceeded to Fort Sheridan,
and there became a sergeant in
the regular army, with which he
has now been attached for two

years. Last week Sergeant King
arrived in White Hall on a brief
furlough, and this furlough ends
Wednesday, when he returns to
Fort Sheridan with his bride,
where they will reside in the offi-
cers' apartments.

The wedding ceremony was a
pretty affair, the bride being at-
tired in mesalline georgette crepe,
while the groom wore his military
uniform. He originates from Cleve-
land, Ohio, but has no parents,
and has entered military service
with the view of permanency.

Liberty Loan Special Follows
Jackie Band.

White Hall's preparations to re-
ceive the Great Lakes Naval band
Wednesday have assumed large
proportions that insure an un-
usually significant reception to the
visitors, and give a deep impres-
sion to the throng that will be on
hand to hear the concert and the
addresses between the hours of 8
a. m. and 11 a. m. Immediately
after arrival the members of the
band party will dine at the
Stocks, and the concert will begin
at 8:45 a. m. promptly in White-
side Park. They will leave at
10:50 a. m. for Carlinville, dou-
bling back to Carrolton for the
night concert.

All decorations and all prepara-
tions so far as they can be made
to apply will be maintained for the
visit of the Liberty Loan special

which will be at the C. & A. sta-
tion in White Hall between 11:30
a. m. and 12:10 p. m. Friday. This
train carries thirty-two people,
and consists of one tourist sleep-
ing car, two baggage cars and two
flat cars, and conveys relics con-
sisting mostly of guns and sup-
plies captured from the Germans
that afford a profound object les-
son in connection with the job of
winning the present war, and the
necessity of the people of America
backing the government with ev-
ery resource. This train will
come to White Hall over the Bur-
lington from Chapin, making a
stop at Winchester, and will be
delivered to the C. & A. immedi-
ately on arrival here, and will go
from here to Jerseyville, arriving
in Jerseyville at 1 o'clock. The
schools and all places of business
will be closed on both days and
the school children will parade.

Train Dispatchers Discuss
Organization.

A party of train dispatchers
from the Burlington and the Al-
ton railroads attended a banquet
and conference in White Hall Sat-
urday, being invited to White Hall
by the presence of W. G. Ebey,
who represented the train dis-
patchers before the wage commis-
sion at Washington recently. Ebey
is a dispatcher with the Seaboard
Air Line at Hamlet, N. C., and his
visit to his old home town afford-

ed the men of Roodhouse and
Beardstown an opportunity to
meet him which they readily
grasped. A 6 o'clock dinner was
served at the Stocks, following
which the party assembled in the
hotel parlor, where the delibera-
tions were so interesting that the
hour for all to leave on the 10:37
p. m. Burlington train arrived far
too soon. Aside from an address
by Mr. Ebey, in which he paid tri-
bute to home and his home town,
and exhaustive reminiscences, the
dispatchers gave favorable consid-
eration to a new organization now
known as the Western Train Dis-
patchers' association, the perfec-
tion of which will take place at a
meeting in June. Over two thou-
sand train dispatchers have al-
ready applied for membership, and
it promises to transplant the old
Train Dispatchers' association of
America.

The following were present at
the White Hall dinner, there be-
ing represented 2,092 miles of
railroad: W. G. Ebey, Hamlet, N.
C.; Chief W. B. Hault, A. C.
Poole, J. R. Stevenson, T. R. Pe-
ters, F. E. Pfeiffer, Roodhouse; G.
V. Darnielle, J. O. Norville, F. B.
Hubburt, F. C. Garniere, Beard-
stown; W. P. Neutzmann, R. B.
Pearce, White Hall. The visit
here was made all the more agree-
able because of the fact that when
the hour came to settle with the
hotel management for the ex-
pense of the meeting, it was learn-
ed that all bills, cigars and all,
had been paid by the presence of
the big men of White Hall who evi-
dently appreciated the special
honor of having such a gathering
of men who are responsible for
more property and lives than any
other class of men, probably, in
industrial life.

White Hall News Notes

A telegram received by Dr. A.
W. Foreman today states that A.
J. Culver had died suddenly at
Tulsa, Okla., Monday afternoon.
Mr. Culver comes from a pioneer
White Hall family. He has been
a resident of California for about
thirty years, and went to Tulsa
last summer to be with his son,
Fred Culver, and family tempor-
arily, intending to return to Cali-
fornia some time this year. He
visited White Hall last fall. The
remains will be brought to White
Hall for burial.

Funeral services over the re-
mains of George Baker were held
in the First Baptist church at 3
o'clock today, conducted by the
pastor, Rev. J. A. Simpson. Satur-
day afternoon Mr. Baker was at-
tacked by a bull, and he was
thrown against the barn with such
violence that he received injuries
from which he died less than an
hour later. Mr. Baker was about
sixty-five years of age, and he re-
sided on the P. D. Vosseller farm,
northwest of White Hall. Soon
after the attack his son Archie
came to the rescue, but it was too
late to ward off the fatal blows.
His three daughters are Mrs. Phil-
ip Ludwick and Mrs. C. I. Kidd of
Roodhouse, and Mrs. Frank King
of White Hall. The mother sur-
vives.

Dr. G. W. Burns has not been
able to leave his bed since the ac-
cident a week ago, when he fell
backward from a wagon. The ex-
perience has laid him up with
bruises and pain, but no bones
were broken, his advanced age,
76 years, rendering the outcome a
very serious one at the time.
Miss Adelaide Foreman and a
young lady college mate were
down from Jacksonville Sunday,
they being students in Illinois col-
lege.

Capt. Dean Corsa has arrived in
France, according to advices
reaching here Monday. Mr. Corsa
holds a commission with the Ser-
vice Battalion of the 512th Engi-
neers.

Little Edmund Pritchett under-
went an operation last week for
the removal of a pussy formation
from his left leg. For more than
a week it was thought that the lit-
tle fellow was suffering from in-
flammatory rheumatism until an
X-ray examination revealed an ir-
ritation that was caused by a
slight scratch on the ankle, and he
is now on the road to recovery.
He is in the Christian hospital at
St. Louis, and is under the care
of Dr. A. E. Meisenbach.

Advices from Camp Dodge, Ia.,
are that Charles Ernest Pearce
has made considerable headway
toward recovery from an attack of
typhoid pneumonia. An opera-
tion was successfully carried out
for the removal of puss and a
small piece of rib. If all goes well
he will be back at White Hall
within three weeks to recuperate.

Raymond Pearce spent Monday
in St. Louis.

Mr. and Mrs. A. E. Hudson and
Mr. and Mrs. S. D. Hudson spent
Monday in St. Louis.

E. S. Barnard was in East St.
Louis Monday on business pertain-
ing to resuming operations at the
plant of the Glacier Ice Company.
This plant has lain idle for over a
year on account of litigation, and
there are prospects of early re-
sumption.

Mr. and Mrs. W. L. Winn were
Monday visitors in St. Louis.

The venerable Mrs. Lorton is
dangerously ill at the home of her
daughter, Mrs. Fannie Griswold,
and the three sons have been sum-
moned to her bedside.

NOTICE

TO WATER CONSUMERS

Water will be shut off to-
day on South Mauvaisterre
street from the square to
College avenue and from
South Main street to Mau-
vaisterre street on East Col-
lege avenue, from 8 a. m. to
12.

Joshua Vasconcellos,
Commissioner of Public
Property.

FOR SALE

Good sprouted Red Globe onions
for planting, 50 cents per bushel.
Good, slightly specked apples, 50
cents per bushel. Good soft cab-
bage, 50 cents per bushel, all de-
livered. Cannon Product Co.

Howard Keena was expected
home last evening after an ex-
tended tour of the west and south.
Hot Springs being his last stop-
ping place. Needless to add, his
mother was delighted at the pros-
pect of seeing him.

STANDARD FOR CORN
AND WHEAT REVISED

Secretary of Agriculture Signs
Order Making New Grades
Effective July 15, 1918.

Washington, D. C., April 23.—
Revised standards which af-
fect the grading of wheat and
shelled corn which moves in in-
terstate and foreign commerce
on and after July 15, 1918, were
fixed and established by order of
the Secretary of Agriculture on
Saturday, April 13, 1918, under
the provisions of the United
States Grain Standards Act. The
new standards supersede those
now used and which will con-
tinue in effect until July 15,
1918.

The New Wheat Grades.

The department announces
that the new wheat grades will
result in a greater proportion of
the crop falling into the higher
grades. The more important of
the changes are:

Dockage will be expressed in
terms of whole per cent, rather
than half per cent, disregarding
fractions, and the definition of
dockage specifically requires re-
cleaning and rescreening, so
that as large a proportion as
possible of racked wheat will be
recovered.

The more definite term "for-
eign material other than dock-
age" has been substituted for
"inseparable foreign material."

The allowance for wild peas,
corn cobs, and similar impuri-
ties is more liberal.

The percentages of hard ker-
nals required in the premium
sub-classes of Hard Red Spring,
Hard Winter and Common
White have been changed and
made more liberal.

The minimum test weight per
bushel required for all grades
are reduced, except for grades
two, three, and four in Hard
Red Spring wheat and grades
one to four in Common White
and White Club.

The maximum percentages of
moisture allowed have been in-
creased for all grades, except for
grade No. 2 in Hard Red Spring
and Durham.

The total wheat of other class-
es permissible is increased in
for all grades, except for grade
No. 1 now permitting 5 per cent
and other grades 10 per cent.
Special limitations for certain
wheats of other classes now ap-
ply only to the first two grades.

The total damaged wheat per-
mitted has been doubled for
grade No. 1. Small amounts of
heat-damaged kernel are to be
permitted in grades No. 1 and in
increased amount in grades No.
2.

The quantities of smut allow-
ed before designating wheat as

FOUNTAIN OF YOUTH

It is not a myth, but a reality and
women may find it in perfect
functional health. Women who want
to grow old gracefully should guard
against all organic weakness and de-
rangements, and at the first symp-
tom of such conditions resort to Lydia E.
Pinkham's Vegetable Compound, na-
ture's own root and herb remedy,
to restore health. For three generations
women of America have depended
upon this successful remedy and have
found no other medicine equal to it—
adv.

"smutty" have been doubled.

The sub-classes Red Spring,
Humpback and Soft Red have
been eliminated from the stan-
dards, and grades for garlicky
wheat added for all classes.

Corn Standards.

The corn standards in the
main involve the addition of
weight per bushel requirements
for all numerical grades and the
allowance of small quantities of
heat-damaged kernels in grades
Nos. 2 and 3. Separate sample
grades have been established for
white, yellow and mixed corn.

The revised wheat and corn
standards are issued in the form
of Service and Regulatory An-
nouncements No. 33 of the
Bureau of Markets. These printed
copies are being mailed by
this department to all parties
who have been receiving copies
of the grain-standard publica-
tions. The department urges all
members of the grain trade, es-
pecially grain farmers and coun-
try shippers at points where
licensed inspectors are not lo-
cated, to thoroughly familiarize them-
selves with the new grades.

NOTICE

TO WATER CONSUMERS

Water will be shut off to-
day on South Mauvaisterre
street from the square to
College avenue and from
South Main street to Mau-
vaisterre street on East Col-
lege avenue, from 8 a. m. to
12.

Joshua Vasconcellos,
Commissioner of Public
Property.

This is Leonard Week--April 22 to 27

Take this opportunity to learn all about refrigerators. Make it a
point to come to our store—see our special display and let us
tell you all the advantages of the famous Leonard Cleanable.

FOR the benefit of our
customers, we set
aside this week to make
a special display of Leon-
ard Refrigerators. It will
be your opportunity to
get the inside facts about
refrigerators and refrigera-
tor construction.

We take a special pleasure
in explaining the features of
the Leonard Cleanable to our
customers. Its many points of
superiority are easy to demon-
strate and to understand.

Leonard Cleanable Refriger-
ators have a one-piece porcel-
ain lining made of three coats
of the finest porcelain lining on a
basis of Armco
Rust-Resisting
iron. It can
not break, crack
or chip. It has
inside rounded front
corners—an ex-
clusive, patented
Leonard feature.

Bevo

THE BEVERAGE

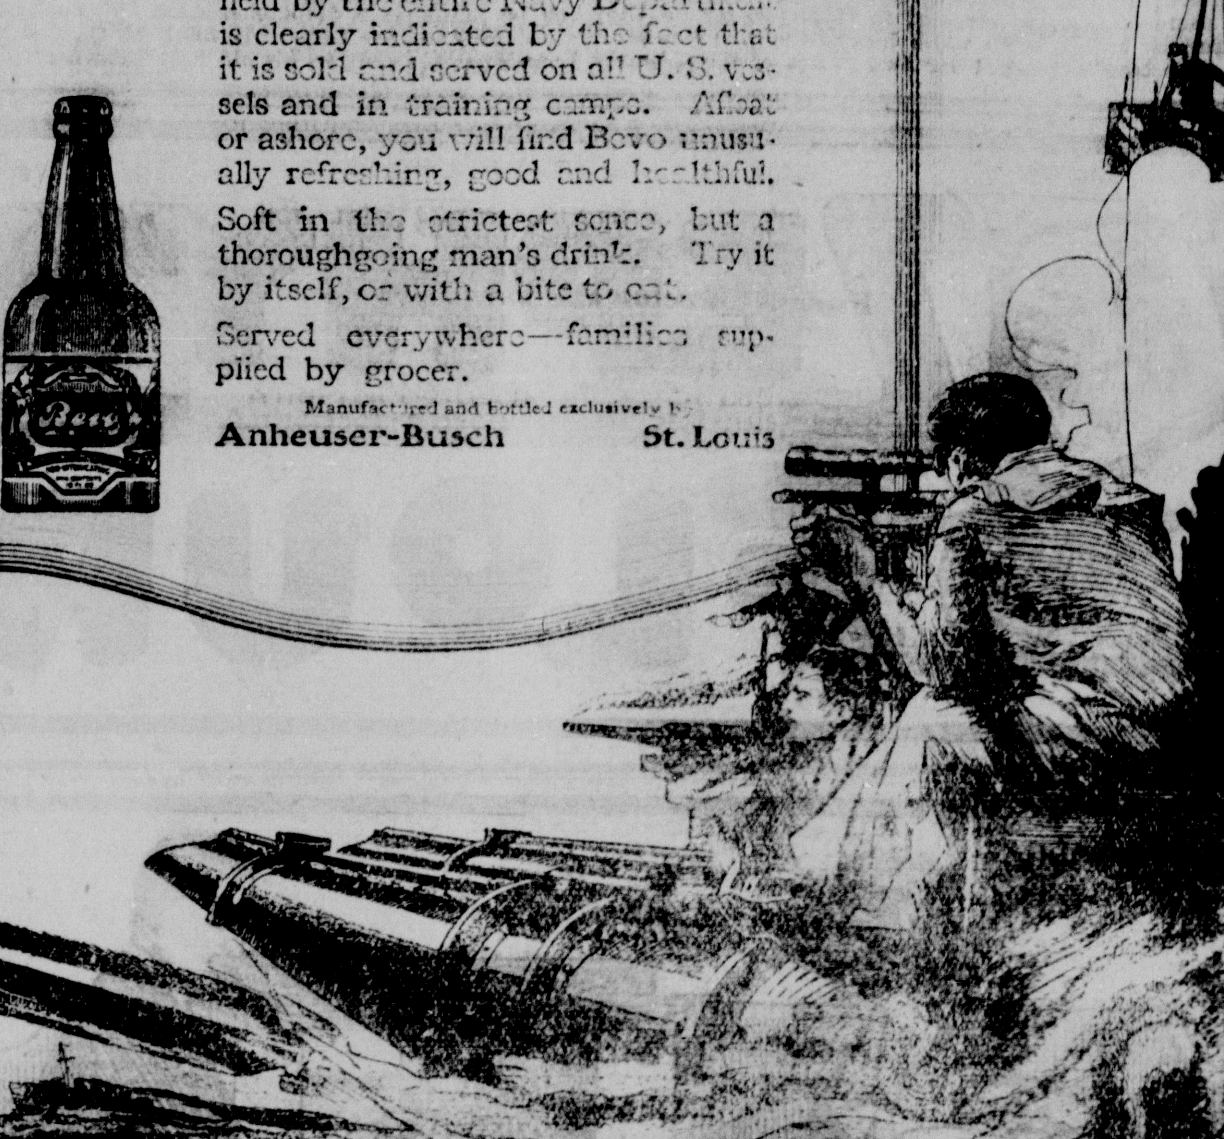

An All-year-round Soft Drink
for the Bluejackets

Our boys in the navy enjoy their
Bevo. The esteem in which it is
held by the entire Navy Department
is clearly indicated by the fact that
it is sold and served on all U. S. ves-
sels and in training camps. Afloat
or ashore, you will find Bevo unusu-
ally refreshing, good and healthful.

Soft in the strictest sense, but a
thoroughgoing man's drink. Try it
by itself, or with a bite to eat.

Served everywhere—families sup-
plied by grocer.

Manufactured and bottled exclusively by:
Anheuser-Busch St. Louis

Grandpa Is Sixty-four Today

and in the best of health. Hale and hearty, with good, red
blood, good appetite and good digestion. Grandpa's nerves
are steady, too. He takes care of himself. He keeps himself fit. He
sees to it that his nerves and blood
are in good shape. When he finds
that he is eating without relish, feel-
ing a little depressed and cross,
sleepy all day yet can not sleep at
night, he begins his treatment of
Bio-feren, the nerve and blood tonic.
Bio-feren, a compound of Lecithin,
Iron Peptonate and other valuable
tonic elements in tablet form, is just
exactly what the average tired busi-
ness man, the average housekeeper
needs at this season of the year. It

tones the nerves and puts vigor and
energy into the system.
There is no mystery about Bio-
feren. Every package shows just
exactly the content of your doc-
tor about Bio-feren, or, if you wish,
send us his name and we will for-
ward him the complete formula.

Give Bio-feren a fair trial. If it
don't make good your money will be
pleasantly returned to you. Inter-
esting booklet will be mailed you on
request.

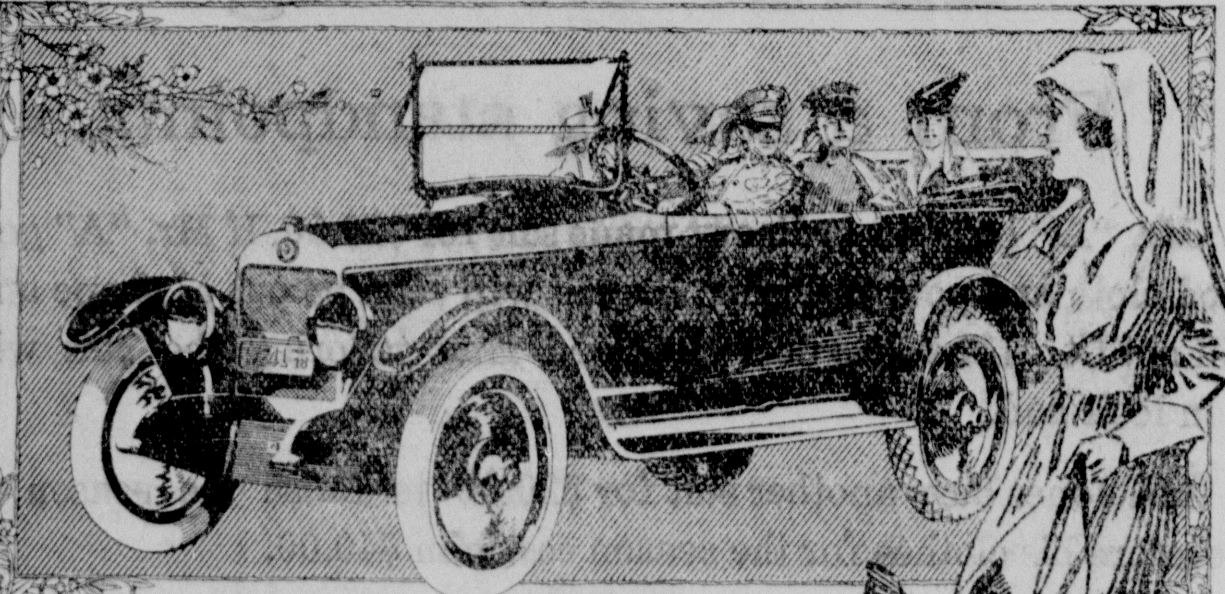

Large package \$1.00 at all good
druggists or direct if your druggist
don't handle it. The Santalini Rem-
edies Co., Cincinnati, Ohio.

"The Quality Goes Clear Through"

DORD

The Ally of Time

The modern army uses motor transportation where-
ever possible because Time is the greatest single
factor in military operations.
Likewise in civil life, Time is more valuable, more
important than any other one thing. As a time-saver
the Dord has more than justified itself for greater use
during these times when conservation and efficiency
are imperative.

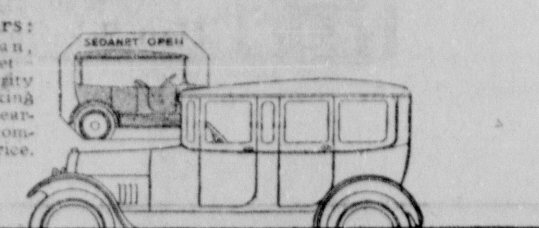

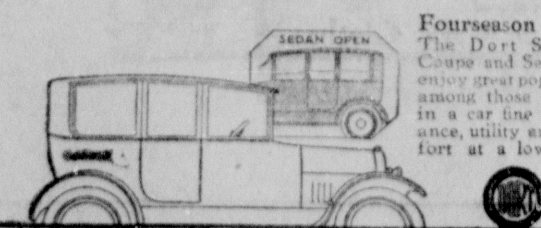

The Dord is thrifty in tires, fuel and oil because it is
of conservative size carries no excess weight, and is
built for service without waste. One does not need
to save a great deal of time in a year to pay for a
Dord Car—not a great deal of time in a week to pay
for its small weekly upkeep. The 1918 Dord Models
are particularly smart, handsome cars, comfortable,
ample, readily handled and easily cared for.

fort at a low price.

FOURSEASON CARS

"EFFICIENCY"-- The Watchword of Today.

To be efficient means to be prepared. Do today
and not wish tomorrow. We have used every effort to
have on hand such as is necessary for proper care of
the Farmers, but are we going to be able to keep up the
pace? Ask yourself what you need and let us have
these things ready for you.

How is your harness, collars and strap work? We
are in position to take care of you today right! Our
stock of harness is yet complete, but getting low. The
same is true of collars and strap work. Our price you
know is "right". Team harness 1½ in. \$47.00 and up.
A good line to choose from, but act at once. Come in
today and get in position to do your part. A small re-
pair not on hand oftentimes causes a big loss. There is
one right way to do things, but a thousand wrong ways.

Where Quality Rules and Service is King!

REV. M. L. PONTIUS TO SPEAK AT MEREDOSIA

Red Cross, Liberty Loan and Thrift Stamp Committees Plan Patriotic Meeting for Tomorrow — I. O. O. F. to Celebrate Anniversary — Other Meredosia News.

Meredosia, Ill., April 22.—G. M. Burrus of Bluffs was a visitor here Monday.

Mrs. J. A. Debinder and family departed Friday evening for Crichton, Ala., to reside. Mr. Debinder having preceded them several months ago where he secured employment.

Mrs. Mary Brockhouse has purchased the Wm. Wilday property in the southeast part of the city and will move there this week.

Rev. Hope, the new pastor for the Lutheran church, will occupy Mrs. Brockhouse's residence upon his arrival here about the first of May.

Mrs. Jesse Davenport and son Philip of Springfield were guests of Mr. and Mrs. Charles Winningsham Monday.

An election was held Saturday at the city hall for the purpose of electing a president and three members of board of education. For president C. P. Hedrick and William Pond tied, each receiving 26 votes, which will no doubt call for another election. The following vote for the three members was John Beauchamp 44, James Mayes 49, James McLain 54.

Arnett Summers of Jacksonville was the Sunday guest of his grandmother, Mrs. Texa Summers. Miss Evelyn Hilderbrand visited in Bluffs from Friday until Monday.

Mrs. J. P. Baur and daughter Alleane, were Quincy visitors Monday.

H. L. Lake of Chicago visited

He Removed the Danger Signal

Frank W. Sherman, Laconia, N. Y., writes: "I suffered with kidney trouble, had a tired feeling in my back, did not have any ambition and felt all tired out. I used Foley Kidney Pills and in a few days I began to feel better, and now I have entirely recovered and have had no return of my painful symptoms."

One cannot help becoming nervous and feeling tired and worn out when the kidneys fail to filter and throw out of the system the poisonous waste matter that causes kidney troubles and bladder ailments.

Backache is one of Nature's danger signals that the kidneys are clogged up and inactive. It is often followed by rheumatism, annoying bladder or urinary disorders, purify swellings under the eyes, swollen ankles and painful joints.

Foley Kidney Pills get right at the source of trouble. They invigorate the kidneys to healthy action and when the kidneys properly perform their functions the poisonous waste matter is eliminated from the system.

—J. A. Obermeyer & Son.

his wife and daughter Sunday and Monday.

H. W. Deppe visited Mr. and Mrs. Edward Wackerle in Jacksonville from Saturday until Monday. His wife and daughter returned home with him after a week's visit at the Wackerle home.

Mr. and Mrs. Harry Beerup and daughter Clara visited with the former's father at Naples Sunday.

Mrs. L. F. Berger and daughter Gwendolyn were week end visitors with relatives at Versailles.

Mrs. Charles Summers and son Jack returned Monday from a visit with the former's parents at Oxville.

Prof. F. J. Harney of Chapin was a week end visitor with Prof. W. W. Jarman.

The Chapin high school will give their play, "The Runaways" at Ray's Opera house Thursday evening. The high school here will give their play at Chapin in the near future.

The I. O. O. F. order will celebrate their anniversary at their hall Friday evening with a social and program.

William Moss of New Salem visited his children here from Saturday until Monday.

L. H. Yost is again able to resume his duties at H. E. Harm's meat market after a few days of illness.

Mrs. James Galaway and daughter, Mrs. Gladys, were Jacksonville visitors Saturday.

John Holtman and Frank Beauchamp were among the Jacksonville visitors Saturday.

The committees of the Red Cross, Thrift stamp and Liberty Loan are planning largely on a patriotic meeting here Thursday afternoon. Rev. Pontius, pastor of the Christian church at Jacksonville is expected to give the address in the afternoon and it is thought that the Liberty Loan train with the war relics will stop at the Wabash station for a short time in the afternoon. The exact time of its arrival has not been learned but is expected after the arrival of the 2:43 train from the east. A splendid musical program is being prepared and the Meredosia band will add much to the program.

**NOTICE
TO WATER CONSUMERS**
Water will be shut off today on West State street from the square to Church street, and on North West street from West State street to Lafayette avenue, and on West Court street to West street, from 1 p. m. to 5. Joshua Vasconcellos, Commissioner of Public Property.

FROM COUNTY AGENT'S OFFICE.

A number of Morgan County people have devised some very interesting ways of making individual ear-tests of seed corn. Dr. J. W. Hairgrove has a plant in his basement. In this he has used both the Holden tester and the box of sawdust. Mr. Hairgrove has shown great interest in the work and prefers the box of sawdust to the Holden tester. The plant is as well arranged as that of any professional. Sansfield Baldwin, north of the town, has a sawdust box with a capacity of over 600 ears. He tests his seed corn in a way that is above criticism. William J. Kirby of Lincoln avenue, has made a patient use of the rag-doll. So far as the county agent knows no one has ever tried to test more ears than Mr. Kirby has in one rag doll tester. Gibson and Hawker, at their farm near Pisgah, have made a very careful ear-test of seed corn by taking 10 grains from every ear. In this work they have had the assistance on Saturdays of students from Illinois College. There are doubtless other interesting seed corn plants in the county but these have been called to the attention of the county agent.

The county agent is frequently asked to state the amount of clover seed necessary to seed one acre. Ordinarily he has replied, six pounds. James E. Rawlings, east of the city has a fine stand of clover which he secured by seeding only three pounds per acre. That field is worth a visit from those who advocate very heavy seed. Dan Moy showed the county agent over the farm where he lives yesterday. He knows some things about seed corn. He has his all butted and tipped and tested ready to begin work. In his opinion corn will be seeded very thick this spring. He thinks the average farmer will be so suspicious of his seed that he will plant it very thick in order to get a good stand.

The county agent secured a supply of circulars on the serum treatment and on sanitary measures for the prevention of hog cholera. These were sent out to all the members of the Morgan County Farmer's Club. Where the members are not extensively interested in raising hogs, they are requested to hand the circulars to some one who is.

The cool weather has held the oats back somewhat in this region but it does not appear to have damaged them. The clover that was seeded just before the rain is coming up nicely and if there is anything in a good start Morgan County ought to have a fine supply of clover hay in another season.

ANOTHER JACKSONVILLE BOY TO THE COLORS

John Lane, son of J. W. Lane, the west side clothier, has enlisted in the Marines department and left yesterday evening to join his command at St. Louis and from that place will proceed to the place assigned them.

Mr. and Mrs. A. D. Connolly of the south part of the county drove to town yesterday in their Ford car.

SOME WARLIKE ARTICLES.

In the window of the store of Andre and Andre are some warlike articles sent up from Camp Logan by Mr. Pinkerton. They are two shrapnel shells, one four inches and one three inches diameter with the time exploding mechanism displayed and lying beside them are some of the bullets used in machine guns and a number of rifle cartridges.

The shells bring vividly to the mind of the writer an experience he had during the civil war. It was at Fort Reno in Dixie, and in the center of the fortifications was the magazine, a partly un-

derground structure containing several barrels of powder, a lot of loaded artillery shells and other ammunition. The writer was especially detailed to take care of the magazine, sleep along side of it, enter it with especially prepared shoes and keep things in order.

A force of Johnnies, most uncomfortably numerous appeared, and as they drew near the commanding officer, anticipating a close fight, sent an order to get out the percussion shells and cannon to fire them. These shells were made with a gun cap contrivance on the end and would

explode at the slightest touch, the object being to use them at close range, hitting a man and tear him and several more to pieces.

The artilleryman appeared with the order and the writer handed him a shell.

"Give me three; I'm in a hurry."

"Man, be careful; those are percussion shells."

"Give me three, I say."

"Suppose you drop one."

"I know my business; hand out the shells."

The shells were handed out and the man started up the steps from the magazine and in his

haste dropped one. For at three seconds two hearts were still as they will be when in the coffin. Fortunately the shell built down. Had it hit the ground there would have been a in the ground an acre in ex-

and the two men—well not in pieces would have been found.

The Journal's worthy friend M. Henderson, correspondent from the vicinity of Concord, the office a pleasant visit yesterday.

G. H. Kennedy of Murray was attending to business matters in the city yesterday.
